Subject index

abdominal aortic aneurysm, Integrated care pathways for vascular surgery: an analysis of the first 18 months, 175
abdominal distension, An unusual case of multiple infarcts, 431
abdominal pain, A case of acute swelling of the left shoulder, 374
abdominal radiographs, Plain abdominal radiographs in acute medical emergencies: an abused investigation?, 698
abdominal radiography, Plain abdominal radiographs in acute medical emergencies: an abused investigation?, 94
accelerated atherosclerosis, Acute myocardial infarction in young adults: causes and management, 27
achalasia, A review of oesophageal manometry testing in a district general hospital, 34
acquired benign sepal defect, Spontaneous closure of an acquired ventricular septal defect, 425
acromegally, An interesting case of thirst and polyuria, 248
acupuncture, Hyperemesis gravidarum, 443
acute care, Confidence levels of PRHOs in caring for acutely ill patients, 697
Knowledge of aspects of acute care in trainee doctors, 335
acquired ventricular septal defect, Spontaneous closure of an acquired ventricular septal defect, 425
acute medical emergencies, Plain abdominal radiographs in acute medical emergencies: an abused investigation?, 698
acute myocardial infarction, Acute myocardial infarction in young adults: causes and management, 27
adenocarcinoma, A man with a chest mass, 629
adherence, Patient recall of medication details in the outpatient clinic. Audit and assessment of the value of printed instructions requesting patients to bring medications to clinic, 479
adjuvant therapy, Management of colorectal cancer, 449
adolescence, A man with a chest mass, 629
Should inexperienced trainees be delivering acute medical services?, 698
acute medical emergencies, Plain abdominal radiographs in acute medical emergencies: an abused investigation?, 698
acute myocardial infarction, Acute myocardial infarction in young adults: causes and management, 27
adenocarcinoma, A man with a chest mass, 629
adherence, Patient recall of medication details in the outpatient clinic. Audit and assessment of the value of printed instructions requesting patients to bring medications to clinic, 479
adolescence, Galactorrhea in a 16 year old girl with a large sellar mass, 562
adrenaline, Proposed use of adrenaline (epinephrine) in anaphylaxis and related conditions: a study of senior house officers starting accident and emergency posts, 416
Use of adrenaline by junior doctors, 763
adult Still’s disease, Adult Still’s disease and respiratory failure in a 74 year old woman, 97
adverse drug reactions, Malaise, weight loss, and respiratory symptoms, 55
AIDS, AIDS in Southern Africa, 127
Albania, Postgraduate training in family medicine in Albania, 308
alcoholism, Early diagnosis of colonic carcinoma: a haemorrhagic complication after the use of tissue plasminogen activator, 429
alkaline phosphatase, A 15 year old girl with fever, jaundice, haemolysis and sudden clinical deterioration, 250
alveolitis, Malaise, weight loss, and respiratory symptoms, 55
amyotrophic lateral sclerosis, Motor neurone disease, 513
anaphylaxis, Proposed use of adrenaline (epinephrine) in anaphylaxis and related conditions: a study of senior house officers starting accident and emergency posts, 416
anatomical landmark, Dorsalis pedis arterial pulse: palpation using an anatomic landmark, 746
Anderson-Fabry disease, Renal involvement in an Anderson-Fabry heterozygote, 759
aneurysm, An unusual epistaxis, 619
angina pectoris, An audit of activity and outcome from a daily and a weekly ‘one stop’ rapid assessment chest pain clinic, 43
angioedema, Fatal haemorrhagic pulmonary oedema and associated angioedema after the ingestion of rifecoxib, 439
anterior interosseus nerve, How safe is blood sampling? Anterior interosseus nerve injury by venepuncture, 625
antitumour necrosis factor-alpha, Notoedric mange in a cat: treatment protocols—an illustration from meta-analysis, 131
anxiety, Anxiety and depression in an older research population and their impact on clinical outcomes in a randomised controlled trial, 674
aortic graft fistula, A bleeding aortic graft enteric fistula diagnosed by push enteroscopy, 372
aortic root abscess, Aortic root abscess: an unusual presentation of unstable angina due to extrinsic compression of the left coronary artery, 168
aortic root myxoma, A unusual epistaxis, 619
appendiceal tumours, Pseudomyxoma peritonei, 170
Arnold-Chiari malformation, A woman with painless burns, 182
Complications associated with influenza infection, 100
arteriovenous shunts, Elbow fistulas using autogenous vein: patency rates and results of revision, 483
atheroembolism, Systemic cholesterol crystal embolisation with pulmonary involvement: a fatal combination after coronary angiography, 288
atrial myxoma, Purple skin and a swollen thigh in an alcoholic, 430
audit, National audit of the management of peritonsillar abscesses, 545
Plain abdominal radiographs in acute medical emergencies: an abused investigation?, 698
autogenous vein, An aggressive policy of bilateral saphenous vein harvest for infragenicral revascularisation in the era of multidrug resistant bacteria, 339
autonomic neuropathy, Resolution of diabetic autonomic neuropathy, 360
babesiosis, Unusual cause of fever, jaundice, and hepatomegaly in a middle aged man, 566
bacillus Calmette-Guérin (BCG), Use of bacille Calmette-Guérin in superficial bladder cancer, 449
back pain, An uncommon cause of lumbar radiculopathy, 182
backache, Renal involvement in an Anderson-Fabry heterozygote, 759
bacterial pathogenicity, Mechanisms of bacterial pathogenicity, 216
Baker’s cyst, A man with swollen calf and discoloration of the foot, 300
Barrett’s oesophagus, Surveillance in Barrett’s oesophagus: a personal view, 263
BCG lymphadenitis, Bacille Calmette-Guérin lymphadenitis, 327
Behcet’s disease, Massive haemoptysis in a young woman, 183
Recurrent orogenital ulcers with papillodeema and headaches, 54
Behcet’s syndrome, Recurrent orogenital ulcers with papillodeema and headaches, 54
biliary, Esophagitis gastroenteritis mimicking pancreatic cancer, 498
biochemical bone markers, Monitoring hormone replacement therapy by biochemical markers of bone metabolism in menopausal women, 727
biotherapy, Yoghurt biotherapy: contraindicated in immunosuppressed patients?, 366
biomaterials, Early recognition of diabetic neuropathy: evaluation of a simple outpatient procedure using thermal perception, 541
bladder neoplasms, Epidermal growth factor receptor and bladder cancer, 584
bone marrow transplantation, Non-infectious pulmonary complications after bone marrow transplantation, 257
bone mineral density, Osteoporosis, 526
bone neoplasms, Renal involvement in an Anderson-Fabry heterozygote, 759
bowel obstruction, An interesting case of small bowel obstruction, 626
breath analysis, Breath analysis to detect recent exposure to carbon monoxide, 233
British Thoracic Society guidelines, Management of spontaneous pneumothorax: are British Thoracic Society guidelines being followed?, 390
bronchietasis, Foreign body aspiration: clinical utility of flexible bronchoscopy, 399
bronchiolitis obliterans and organising pneumonia, Bronchiolitis obliterans and organising pneumonia caused by carcinamazine and mimicking community acquired pneumonia, 621
broncopulmonary aspergillosis, An unusual complication of ulcerative colitis, 503
Brown-Séquard syndrome, Abdominal pain in a diabetic myeloma patient with ccrinosis, 375
Buerger’s disease, Homocysteine and Buerger’s disease, 500
Bugs software, Data and models determine treatment proposals—an illustration from meta-analysis, 317
bulbar weakness, Management of motor neurone disease, 736
bullous lungs, Bullous lungs: diverse aetiology, 689
cancer, Audit of a nurse endoscopist based one stop dyspepsia clinic, 161
Captain Cook, David Samwell (1751–98): surgeon on the Discovery, 674
Caput medusae, Homocysteine and ‘Buerger’s disease’, 500
CARV, BUGS software, Data and models determine treatment proposals—an illustration from meta-analysis, 131
cardiac involvement, Cardiac involvement in HIV infected people in Yaounde, Cameroon, 678
cardiac leiomyosarcoma, Multifocal cardiac leiomyosarcoma. Diagnosis and surveillance by transoesophageal echocardiography and contrast enhanced cardiovascular magnetic resonance, 492
www.postgradmedj.com

diabetic neuropathy, Early recognition of diabetic neuropathy: evaluation of a simple outpatient procedure using thermal perception, 541
diagnosis, Breath analysis to detect recent exposure to carbon monoxide, 523
Misinterpretation of the chest x ray as a factor in the delayed diagnosis of lung cancer, 158
diarrhoea, An unusual case of multiple infarcts, 431
dilated cardiomyopathy, Cardiac involvement in HIV infected people in Yaounde, Cameroon, 678
discitis, Refusal to walk in an atebible well toddler, 568
diverticulosis, A painful and deformed case, 183
diverticulitis, An interesting case of small bowel obstruction, 626
doctor-patient relationship, “Cases” and voices: the changing agenda for doctors and their patients, 701
doctors’ working lives, Time off, 511
dorsalis pedis pulse, Dorsalis pedis arterial pulse: palpation using a bony landmark, 746
dural sinus thrombosis, Recurrent orotinal ulcers with papillodea and headaches, 54
dural tear, Abdominal pain in a diabetic myeloma patient with dystonia, 292
dyspepsia, A rational approach to uninvestigated dyspepsia in primary care: review of the literature, 707
Audit of a nurse endoscopist based one stop dyspepsia clinic, 161
dysplasia, Surveillance in Barrett’s oesophagus: a personal view, 263
dysproteinemia, Systemic cholesterol crystal embolisation with pulmonary involvement: a fatal combination after coronary angiography, 288
dystonia, Prognosis of Japanese encephalitis patients with dystonia compared to those with parkinsonian features only, 238
early diagnosis, Can we improve the outcome of colorectal cancer by early diagnosis?, 255
early onset gestational diabetes mellitus, An unusual case of gestational diabetes mellitus, 562
echymoma, Early diagnosis of colonic carcinoma; a haemorrhagic complication after the use of tissue plasminogen activator, 429
ECG changes, A three year prospective audit of 212 presentations to the emergency department after electrical injury with a management protocol, 263
echocardiogram, Unusual cardiac manifestation of hypereosinophilic syndrome, 490
education, Knowledge of aspects of acute care in trainee doctors, 335
Ehlers-Danlos syndrome, Bullous lungs: diverse aetiology, 689
Type IV Ehlers-Danlos syndrome: a surgical emergency, 501
elbow fistulas, Elbow fistulas using autogenous vein: patency rates and results of revision, 483
elbow, Recurrent painful looking of the elbow joint, 301
elderly, Ability to learn inhaler technique in relation to cognitive scores and tests of praxis in old age, 37
Chronic subdural haematoma in the elderly, 71
labyrinthine abscesses of ears in hospitalised elderly patients: a case-control study, 487
Older people and ill fitting shoes, 344
electrical injury, A three year prospective audit of 212 presentations to the emergency department after electrical injury with a management protocol, 283
empysematous cystitis, A case of acute swelling of the left shoulder, 374
encephalopathy, Diagnosis and treatment of viral encephalitis, 575
end stage renal disease, Vaccination against hepatitis B infection in patients with end stage renal disease, 538
end stage renal failure, Changes in the corrected QT interval and corrected QT dispersion during haemodialysis, 273
endocarditis, An unusual case of infective endocarditis, 290
endoscopy, A rational approach to uninvestigated dyspepsia in primary care: review of the literature, 707
Iatrogenic groin pain, Intraoperative glove perforation, 341
epidemic growth factor receptor, Epidermal growth factor receptor and bladder cancer, 564
epidural abscess, Back pain and systemic compromise, 373
epitaxia, An unusual epitaxia, 619
erythema gyratum repens, An episodic eruption, 249
ethics, Ethical, professional, and legal obligations in clinical practice, 61
evidence based medicine, Clinical decision-making: coping with uncertainty, 319
exercise electrocardiography, An audit of activity and outcome from a daily and a weekly “one stop” rapid assessment chest clinic, 43
experiential knowledge, What’s so good about place learning?, 637
expertise, What’s so good about place learning?, 637
explosions, Free gas in the peritoneal cavity: the final hazard of diathermy, 496
extrinsic compression, Aortic root abscesses presenting as unstable angina due to extrinsic compression of the left coronary artery, 168
Fabry’s disease, An unusual case of chronic renal failure, 103
facet joint cyst, An uncommon cause of lumbar radiculopathy, 182
failed thrombolysis, Rescue percutaneous coronary intervention for failed thrombolysis: results from a district general hospital, 330
falls, Iatrogenic causes of falls in hospitalised elderly patients: a case-control study, 487
family medicine, Postgraduate training in family medicine in Albania, 308
fatigue, Fatigue in cholestatic liver disease—a perplexing symptom, 404
femoralostial bypass, An aggressive policy of bilateral saphenous vein harvest for infragenicular revascularisation in the era of multidrug resistant bacteria, 339
femoropopliteal bypass, Integrated care pathways for vascular surgery: an analysis of the first 15 months, 172
fertility, Prognosis for fertility and ovarian function after treatment with radioiodine for thyroid cancer, 92
fever, An unusual case of multiple infarcts, 431
fibroptic bronchoscope, Foreign body aspiration: clinical utility of flexible bronchoscopy, 399
fibrocalculus pancreatopathy, A patient with bag of pancreatic stones, 500
filariasis, Young male with pancytopenia: an unusual cause, 300
fine needle breast aspirates, Parasites in fine needle breast aspirates—assessment of host tissue response, 165
fines, Free gas in the peritoneal cavity: the final hazard of diathermy, 496
Florence Nightingale, Reactions from the medical and nursing professions to Nightingale’s “reform(s)” of nurse training in the late 19th century, 118
folic acid, Homocysteine and “Buerger’s disease”, 500
food borne disease, Watermelon poisoning, 124
foot diseases, Older people and ill fitting shoes, 344
foreign body aspiration, Foreign body aspiration: clinical utility of flexible bronchoscopy, 399
gall bladder surgery, Costs of waiting for gall bladder surgery, 668
gastric cancer, Regional differences in incidence of gastric and colorectal cancer in the Maori of New Zealand, 419
gastrointestinal haemorrhage, Management of gastrointestinal haemorrhage, 4
variable use of endoscopic haemostasis in the management of bleeding peptic ulcers, 347
Gastro-oesophageal reflux, A review of oesophageal manometry testing in a district general hospital, 34
Gauker’s disease, Enzyme replacement therapy in the management of longstanding skeletal and soft tissue salmonella infection in a patient with Gaucher’s disease, 564
general practice, Investigation and management of iron deficiency anaemia in general practice: a cluster randomised controlled trial of a simple management protocol, 533
general practitioner, “Cases” and voices: the changing agenda for doctors and their patients, 701
general surgeons, Prevention of venous thromboembolism in Wales: results of a survey among general surgeons, 88
gladiol, Neurological complications of coeliac disease, 393
glove perforation, Intracorporeal glove perforation, 62
Gnot, Neurological complications of coeliac disease, 393
gonadotrophin releasing hormone analogue, Prostate cancer, 590
Graves’ disease, An interesting case of thirst and polyuria, 248
Groat pain, Lateral groin pain, 627
group C salmonella, Intraoperative glove perforation, 341
Grave’s disease, An interesting case of thirst and polyuria, 248
Graves’ disease, An interesting case of thirst and polyuria, 248
groin pain, Lateral groin pain, 627
Grouo C salmonella, Enzyme replacement therapy in the management of longstanding skeletal and soft tissue salmonella infection in a patient with Gaucher’s disease, 564

guidelines, Guidelines, compliance, and effectiveness: a 12 months’ audit in an acute district general healthcare trust on the two week rule for suspected colorectal cancer, 748

Plain abdominal radiographs in acute medical emergencies: an abused investigation?, 94

haemostasis, Rectus sheath haemostasis: a new set of diagnostic features, 755

haemodialysis, Changes in the corrected QT interval and corrected QT dispersion during haemodialysis, 273

Elbow fistulas using autogenous vein: patency rates and results of revision, 483

Vaccination against hepatitis B infection in patients with end stage renal disease, 538

haemolytic anaemia, Unusual cause of fever, jaundice, and hepatomegaly in a middle aged man, 566

haemolytic uraemic syndrome, HIV associated thrombotic microangiopathy, 520

haemoptysis, Massive haemoptysis in a young woman, 183

Systemic cytokine crystal embolisation with pulmonary involve-ment: a fatal combination after coronary angiography, 288

hospital architect, and early exponent of the “pavilion principle”, 152

Henry Currey FRIBA (1820–1900): leading Victorian hospital architect, and early exponent of the “pavilion principle”, 288

Henry Currey, Henry Currey FRI BA (1820–1900): leading Victorian hospital architect, and early exponent of the “pavilion principle”, 152

thrombotic microangiopathy, HIV associated thrombotic microangiopathy, 520
thrombotic thrombocytopenic purpura, HIV associated thrombotic microangiopathy, 520
thyroid cancer, Prognosis for fertility and ovarian function after treatment with radioactive iodine for thyroid cancer, 92
thyrotoxicosis, An interesting case of thirst and polyuria, 248
Complications associated with influenza infection, 100
thyrotoxic periodic paralysia in a white woman, 687
thyrotoxicosis, Prolonged fever with recurrent diarrhoea, 432
Trichinella, Early recognition of diabetic neuropathy: evaluation of a simple outpatient procedure using thermal perception, 541
tissue Doppler, Adenosine provokes diastolic dysfunction in microvascular angina, 40
trabecular carcinoma, A proliferating pimple, 246
trainee doctors, Confidence levels of PRHOs in caring for acutely ill patients, 697
knowledge of aspects of acute care in trainee doctors, 697
knowledge of aspects of acute care in trainee doctors, 697
Should inexperienced trainees be delivering acute medical services?, 698
training, Surveillance of surgical training by detailed electronic registration of logical components, 607
training, Clinical decision-making: coping with uncertainty, 319
training/trainees, Knowledge of aspects of acute care in trainee doctors, 335
transoesophageal echocardiography, Multifocal cardiac leiomyosarcoma. Diagnosis and surveillance by transoesophageal echocardiography and contrast enhanced cardiovascular magnetic resonance, 492
traumatic stab wound, Abdominal pain in a diabetic myeloma patient with cirrhosis, 375
Trichinella species, New aspects of human trichinellosis: the impact of new Trichinella species, 15
tricyclic antidepressants, The role of tricyclic antidepressants and tramadol in palliative care, 124
The role of tricyclic antidepressants and tramadol in palliative care, 124
troponin T, Troponin T elevation in lobar lung disease, 244
Troponin T elevation in lobar lung disease, 244
tube feeding, Enteral feeding. Nasogastric, nasojugal, percutaneous endoscopic gastrostomy, or jejunostomy: its indications and limitations, 198
tuberculosis, An unusual presentation of calvarial tuberculosis, 184
ulcerative colitis, An unusual complication of ulcerative colitis, 503
Does patient knowledge affect the colorectal cancer risk in ulcerative colitis?, 615
undernutrition, Will an orange a day keep the doctor away?, 292
understanding, How informed is consent? Understanding of pictorial and verbal probability information by medical inpatients, 543
unstable angina, Critical review of unstable angina and non-ST elevation myocardial infarction, 717
vaccination, Vaccination against hepatitis B infection in patients with end stage renal disease, 538
vacuum assisted closure system, Vacuum assisted closure system in the management of enterocutaneous fistulae, 699
Vacuum assisted closure system in the management of enterocutaneous fistulae, 384
valproate encephalopathy, Valproate encephalopathy and hyperammonaemia, 316
vancomycin, Yoghurt biotherapy: contraindicated in immunosuppressed patients?, 366
vascular anomaly, Pulmonary arteriovenous malformation, 191
vascular lesion, A elderly lady with collapse, 317
vascular surgery, Integrated care pathways for vascular surgery: an analysis of the first 18 months, 175
vasculitis, Polyarteritis nodosa presenting as a pyrexia of unknown origin, 685
vaso-occlusive disease, Fulminant ischaemic colitis with atypical clinical features complicating sickle cell disease, 370
venepuncture, How safe is blood sampling? Anterior intersosseous nerve injury by venepuncture, 625
venous thromboembolism, Prevention of venous thromboembolism in Wales: results of a survey among general surgeons, 88
ventricular septal defect, Influence of thrombolytic therapy on the patterns of ventricular septal rupture after acute myocardial infarction, 408
verrucous lesion, A verrucous lesion of the palm, 302
vertebral haemangioma, Spinal reconstruction for symptomatic thoracic haemangioma using a titanium cage, 559
viral encephalitis, Diagnosis and treatment of viral encephalitis, 575
Japanese viral encephalitis, 205
visual field defect, An elderly lady with collapse, 105
vitamin C deficiency, Early diagnosis of colonic carcinoma: a haemorrhagic complication after the use of tissue plasminogen activator, 429
vitamin C, James Lind’s Treatise of the Scurvy (1753), 695
Will an orange a day keep the doctor away?, 292
von Hippel-Lindau disease, von Hippel-Lindau disease complicated by pheochromocytoma, 443
waiting times, Audit of a nurse endoscopist based one stop dyspepsia clinic, 161
Wallenberg’s lateral medullary syndrome, Wallenberg’s lateral medullary syndrome, 618
Weber’s syndrome, An elderly lady with collapse, 105
Wilson’s disease, A 15 year old girl with fever, jaundice, haemolysis, and sudden clinical deterioration, 250
Wnt pathway, Understanding the pathology of schizophrenia: recent advances from the study of the molecular architecture of postmortem CNS tissue, 142
Wolman’s disease, Failure to thrive in a 3 month old boy, 567
work pressure, Reducing the stress in medicine, 1
working patterns, Time off, 511
wound cleaning, Closure of traumatic wounds without cleaning and suturing, 281
pneumoperitoneum, An unusual case of multiple infarcts, 431
young adults, Acute myocardial infarction in young adults: causes and management, 27
Acute myocardial infarction in young adults, 381
