In all cases, applications for enrolment or further information should be made direct to the sponsors of the course.

FELLOWSHIP OF POSTGRADUATE MEDICINE

Infectious Diseases (M.R.C.P.) week-end. November 11 and 12. All day Saturday and Sunday afternoons. Park Hospital, Hither Green. Limited. Fee, £3 3s. 6d. (No entries accepted until syllabus is published and circulated.)

General Medicine (Revision M.R.C.P.). November 6 to December 16. 5 to 8.30 p.m. (Saturdays to 4.30 p.m.) St. Stephen’s Hospital. Limited. Fee, £24 3s. 6d. (No entries accepted until syllabus is published and circulated.)

General Medicine (M.R.C.P.) week-end. December 9 and 10. All day Saturday and Sunday. Queen Mary’s Hospital for the East End, Stratford. Limited. Fee, £3 3s. 6d. (No entries accepted until syllabus is published and circulated.)

Please note that instruction arranged by the Fellowship of Postgraduate Medicine is open only to Members (annual subscription, from month of joining, 10s. 6d.). In the case of ‘limited’ courses no entries are accepted in advance of the detailed syllabuses being published and circulated; postgraduates (whether Members or not) are not automatically included in the mailing lists, but must notify the Fellowship of Postgraduate Medicine, 1 Wimpole Street, London, W.1, if they wish to be sent syllabuses as published, and must specify the subjects in which they are interested. Information regarding courses can be obtained from the Office daily between 10 a.m. and 5 p.m. (Saturdays 10 a.m. to 12 noon). Telephone: Langham 4266.

ROYAL COLLEGE OF SURGEONS OF ENGLAND

Anatomy, Applied Physiology and Pathology. Lectures as follows:—

November
1 5 p.m.* Dr. George Edwards. Frederick Hewitt Lecture.
3 3.45 p.m. Dr. N. Martin. The application of biochemistry to clinical problems.
7 3.45 p.m. Prof. J. D. Boyd. The germ layers.
8 3.45 p.m. Prof. J. D. Boyd. The development of the alimentary tract.
9 3 p.m.* Prof. Brodie Hughes. Ocular aspects of cranial nerves.
10 3.45 p.m. Prof. F. J. Boyd. The development of the heart and circulatory system.
14 3.45 p.m. Prof. J. D. Boyd. The development of the genito-urinary system.
15 3.45p.m. Prof. J. D. Boyd. The development of the nervous system.
20 3.45 p.m. Prof. R. J. S. McDowall. Title to be announced.
21 3.45 p.m. Prof. J. D. Boyd. The development of the pharyngeal derivatives and endocrine glands.
22 3.45 p.m. Prof. W. R. Spurrell. Sensations associated with the stomach.
23 3.45 p.m. Dr. N. Martin. The application of biochemistry to clinical problems.
29 3.45 p.m. Dr. N. Martin. The application of biochemistry to clinical problems.
30 3.45 p.m. Prof. W. R. Spurrell. The control of secretions of the alimentary tract.
3.30 p.m.* Prof. G. Grey Turner. Simple stricture of the oesophagus.

Fee, single lectures, 7s. 6d.
* Statutory lectures open to all medical practitioners and dental surgeons.

Lectures in General, Oral and Dental Surgery are being given on Mondays, Wednesdays and Fridays at 5 p.m. and 6.15 p.m. until November 17. Fee, single lectures, 10s.

Fellowship and Dental Examinations. Special Final Fellowship Examinations have been instituted in Ophthalmology and Oto-Laryngology. A Fellowship in Dental Surgery has also been instituted.

Conjoint Examinations. The Diplomas of L.R.C.P., M.R.C.S., are granted jointly with the Royal College of Physicians, as well as Diplomas in 11 specialties.

Scholarships and Prizes. The College grants many research Scholarships and Prizes and in certain cases makes grants in aid of surgical research, the work being carried out either in the College or elsewhere.

Residential accommodation is available in the College for postgraduate students.

Full particulars may be obtained from Mr. W. F. Davis, Secretary, Postgraduate Education Committee, Royal College of Surgeons, Lincolns Inn Fields, W.C.2.

ROYAL COLLEGE OF OBSTETRICIANS AND GYNAECOLOGISTS

A postgraduate course of advanced lectures for those studying the special practice of Obstetrics and Gynaecology will be given in the College House as follows:—

November

First Session
3 12 noon. Dr. R. B. K. Rickford. Tumours in the pouch of Douglas.
3 p.m. Dr. David Fyfe Anderson. Controversial procedures in obstetric practice.
5 p.m. Dr. J. E. Stacey (Chairman), Dr. G. G.
November
Lennon, Dr. D. F. Anderson, Dr. J. Beattie, Dr. J. V. O’Sullivan. Any questions.
4 9.45 a.m. Dr. Gladys Hill. The long first stage.
11.30 a.m. Dr. G. Gordon Lennon. Vaginal hysterecomy.

SECOND SESSION
3 p.m. Dr. Anthony H. Charles. Some surgical problems encountered in gynaecological practice.
5 p.m. Dr. A. J. McNair (Chairman), Dr. Ian Donald, Dr. L. B. Patrick, Dr. D. M. Stern, Dr. S. G. Clayton. Any questions.
18 9.45 a.m. Dr. Alec W. Bourne. Non-malignant pathology of the cervix.
11.30 a.m. Dr. Leslie B. Patrick. Genital prolapse.
Fee, for two sessions, £3 3s. od.; for one session, £2 2s. od.; for single lectures, 10s. 6d.
Applications for enrolment should be addressed to the Secretary, Royal College of Obstetricians and Gynaecologists, 58 Queen Anne Street, London, W.1.

SOCIETY OF APOTHECARIES OF LONDON
Diploma in Industrial Health (D.I.H.). The examinations are held in July and December each year.
Diploma of Mastery of Midwifery (M.M.S.A.). The examinations are held in May and November each year.
A course of 10 postgraduate lectures on 'Modern Methods of Diagnosis and Treatment' will be delivered daily from December 4 to 8, at 3.30 p.m. and 5 p.m., at Apothecaries' Hall.
For regulations apply to the Registrar, Society of Apothecaries, Black Friars Lane, E.C.4.

MEDICAL SOCIETY OF LONDON
November
13 8.30 p.m. Discussion on 'Domiciliary management of pulmonary tuberculosis' to be introduced by Dr. Charles H. C. Toussaint and Dr. Alec Wingfield.
27 8.30 p.m. Discussion on 'Maintenance of fluid balance' to be introduced by Dr. H. L. Marriott and Dr. N. R. Laverie.

December
11 8.30 p.m. Pathological meeting.
For further information apply to the Registrar, Medical Society of London, 11 Chandos Street, Cavendish Square, London, W.1.

UNIVERSITY OF LONDON
Seminar Lecture. Royal Society of Medicine, 1 Wimpole Street, W.1, at 5 p.m. on November 2. Lecture by Dr. Paul Frencenner on 'The development and the present use of bronchospirometry.' Admission free, without ticket.
Advanced Medicine. University College Hospital Medical School, University Street, W.C.1, at 5 p.m. on November 3. Lecture by Prof. R. J. Kellner on 'The circulation in pregnancy.' Admission free, without ticket.
Human Anatomy and Morphology. University College (Anatomy Theatre), Gower Street, W.C.1, at 5.30 p.m. on December 6. Lecture by Prof. Bror Rexed on 'The cytoarchitectonic organization of the spinal cord.' Admission free, without ticket.

DENTAL BOARD OF THE UNITED KINGDOM
The Dental Postgraduate Bureau was instituted by the Dental Board of the United Kingdom in 1947 to collect information regarding facilities for postgraduate study which exist in the British Isles and to make it available to persons interested.
A programme has been compiled from information collected by this Bureau, and much of it, although of a general nature, will serve as an indication of the type of courses which may be arranged in particular centres. A supplement has been included outlining briefly, conditions attaching to higher dental qualifications. For detailed information reference should be made to the University or Licensing Corporation concerned. In addition to regular courses, arrangements have been made with various hospitals and schools in London whereby dentists can attend occasional sessions as observers in:- Anaesthesia, bacteriology, clinical radiography, dental surgery, operative dentistry, oral surgery, orthodontics, paraodontics and pathology. Appointments can only be made through the Dental Postgraduate Bureau. Attachments to maxillo facial units in various parts of the country can also be arranged for short periods. In this connection attention is drawn to the work of postgraduate committees of Birmingham and Manchester which organize short courses from time to time. To facilitate the organization of week-end and other courses, particularly in districts which are too remote from Dental Schools to take advantage of the benefits offered by them, the Dental Board are prepared to make grants within specified limits towards the costs of local courses organized by practitioners working through a local committee.
The Bureau has also collected information about dental courses held in the United States of America.
Further information can be obtained on application to the Director, Dental Postgraduate Bureau, 44 Hallam Street, London, W.1.

BRITISH POSTGRADUATE MEDICAL FEDERATION (University of London)
The Federation was established by the Senate in 1945, and was incorporated by Royal Charter in March 1947. It was admitted a School of the University in December 1947.
The Federation provides:
(1) Training for prospective specialists, supplementing the work of the undergraduate medical schools.
(a) Advanced revision for practising specialists.
(3) Instruction for medical practitioners who, though not specialists, desire more detailed knowledge of any branch of medicine.
(4) Instruction for general practitioners.
Comprising the Federation at present are the Postgraduate Medical School, the Institute of Child Health, the Institute of Laryngology and Otology, the Institute of Obstetrics and Gynaecology, the Institute of Ophthalmology, the Institute of Psychiatry and the Institute of Neurology. Associated with the Federation in providing postgraduate education are the Institutes of Cardiology, Dental Surgery, Dermatology, Diseases of the Chest, Orthopaedics and Urology.
Refresher courses for general practitioners will be held as follows:
General
October 4 to December 13 (extended). Connaught Hospital, E.17. Wednesday afternoons.
October 16 to November 10 (extended). King George V Hospital, Ilford. Two afternoons and one evening weekly.
November 20 to December 2. Royal Northern Hospital, N.7.
Social Medicine
December 4 to 9. Roffey Park Rehabilitation Centre, Horsham.
These courses are available to N.H.S. practitioners, for whom fees and allowances (travelling expenses, locum fees, etc.) are provided for courses equivalent to 22 half-day sessions a year, subject to certain conditions. Other practitioners may attend on payment of a fee of £10 10s. 0d. for two weeks, £5 5s. 0d. for one week, or for equivalent extended courses; £1 11s. 6d. for weekend courses. Applicants should state whether they are applying under the N.H.S. practitioners scheme or not.

The following lectures, which are designed especially for research workers and specialists in training, will be delivered at the London School of Hygiene and Tropical Medicine, Keppel Street, W.C.1, at 5.30 p.m., as follows:

November
2 Dr. A. A. Miles. Tissue defences in the early stages of infection.
7 Dr. C. H. Andrews. Viruses as causes of disease.
9 Dr. H. J. Parish. Inherited immunity.
12 Dr. R. R. Race. Blood groups.
18 Dr. J. V. Dacie. Blood formation.
21 Prof. C. Rimington. Blood and bile pigments.
28 Prof. G. W. Pickering. The mechanism of hypertension.
December
5 Prof. Clifford Wilson. High blood pressure and renal disease.
7 Prof. J. McMichael. Dynamics of heart failure.
12 Dr. K. W. Donald. The definition and assessment of respiratory function.
14 Dr. K. W. Donald. The definition and assessment of respiratory function.
19 Prof. F. J. W. Roughton. Respiratory chemistry of the blood.
21 Prof. F. J. W. Roughton. Respiratory chemistry of the blood.

Admission free, without ticket.
Applications for further information should be made to the Secretary, British Postgraduate Medical Federation, 3 Gordon Square, London, W.C.1.

Further details and applications for admission to these courses should be made to the Dean, Institute of Cardiology, National Heart Hospital, Westmoreland Street, London, W.1.

INSTITUTE OF DISEASES OF THE CHEST
(Brompton Hospital and The London Chest Hospital) (British Postgraduate Medical Federation)
The Institute of Diseases of the Chest (Medical School of the Hospitals for Diseases of the Chest) is situated in the grounds of the Brompton Hospital, S.W.3.

Medical
Instruction in diseases of the chest including tuberculosis is conducted during three terms of ten weeks each year. It consists of clinical work in wards and out-patient departments, lectures and demonstrations. A whole-time programme is arranged for not more than 12 graduates each term, preferably those specializing in diseases of the chest. The lectures and demonstrations are so arranged that the subject of chest disease is covered during the two terms beginning in October and January. The lectures during the summer term are arranged as a general revision course. The fee for the whole-time attendance is 15 guineas per term. A larger number of graduates can be accepted for part-time study at a fee of 12 guineas per term; if vacancies are available it may be possible to accept graduates for shorter periods of part-time study at a fee of 5 guineas per month. Refresher courses lasting one week each will be held at the London Chest Hospital in April 1951, and at the Brompton Hospital in July 1951. Details will be announced later.

Surgical
A whole-time course in chest surgery will be conducted during the terms beginning in October and January. It will include attendance at out-patient clinics, operating sessions, ward clinics, case demonstrations and lectures, and will be held partly at the Brompton Hospital and partly at the London Chest Hospital. The fee is 15 guineas per term.

Shorter courses in chest surgery and in anaesthesia for chest surgery will be held in April and September 1951. Details will be announced later.

Radiology
Part-time instruction in radiology of the chest for trainee radiologists only is given each term. The fee is 10 guineas per term.

For further information application should be addressed to the Dean, Institute of Diseases of the Chest, Brompton Hospital, Fulham Road, S.W.3.

INSTITUTE OF CHILD HEALTH (Hospital for Sick Children) (British Postgraduate Medical Federation)
The Institute of Child Health is associated with The Hospital for Sick Children, Great Ormond Street, the Postgraduate Medical School of London at Hammer smith Hospital, and the Queen Elizabeth Hospital for Children. Its programme teaching on every aspect of child health is provided. Visits are arranged to the department for the new-born and premature infant at the Postgraduate Medical School of London, Hamme r smith Hospital, Maternity and Child Welfare Clinics, Nursery Homes, etc. The Institute provides tuition throughout the year in three terms of three months'
duration each, beginning in January, May and October. In addition a series of lectures by specialists and experts in various spheres is given each term. The fees vary from 35 guineas for six months' attendance to 3 guineas for a week.

A course of lectures will be given at the National Hospital for Diseases of the Nervous System, Queen Square, W.C.1, on Mondays at 5 p.m. on 'Neurological Diseases in Children,' as follows:

November
6 Mr. W. McKissock. Surgical treatment of cerebral tumours in children.
13 Dr. S. F. Meadows. Clinical aspects of cerebral tumours in children.
20 Dr. D. Williams. Epilepsy.
27 Dr. J. St. C. Elkhington. Basal ganglia syndromes.

December
4 Dr. W. G. Wyllie. Infantile hemiplegia.
11 Dr. P. R. Evans. Congenital diplegia.
18 Dr. M. Critchley. Aphasia in children.

Fee, single lectures, 7s. 6d.

Applications should be addressed to the Dean, Institute of Child Health, Hospital for Sick Children, Great Ormond Street, London, W.C.1.

INSTITUTE OF DERMATOLOGY
(Medical School of St. John's Hospital for Diseases of the Skin) (British Postgraduate Medical Federation)

Clinical Teaching. Instruction is given twice daily in the out-patients' department for which the fee varies from one guinea for one week to 15 guineas for a year. Selected cases are shown each Wednesday at 4.30 p.m.

Laboratory. There are facilities for study and tuition in the pathological laboratory. Arrangements can be made for individual instruction and for research work.

Lectures (a) A systematic course of lectures, of six months' duration began in October, and a shorter course is held during May and June. The fees are at the rate of £3 3s. od. per month, £15 15s. od. for the winter course, and £5 5s. od. for the summer course.

(b) Special lecture-demonstrations, both advanced and elementary, on Histopathology of the Skin are held each week.

(c) Courses of lecture-demonstrations in Medical Mycology are given periodically.

Lectures
November
2 Dr. H. J. Wallace. Bullous eruptions.
7 Dr. W. N. Goldsmith. Lupus erythematosus.
8 Dr. R. W. Riddell. Medical mycology—lecture-demonstration.
9 Dr. G. B. Mitchell—Heegs. Drug eruptions.
14 Dr. J. O. Oliver. Pathology.
15 Dr. R. W. Riddell. Medical mycology—lecture-demonstration.
21 Dr. G. B. Dottling. Cutaneous tuberculosis.
22 Dr. R. W. Riddell. Medical mycology—lecture demonstration.
23 Dr. I. Muende. Pigmentary conditions of the skin.
28 Dr. J. O. Oliver. Pathology.
29 Dr. R. W. Riddell. Medical mycology—lecture-demonstration.

30 Dr. B. Russell. Diseases caused or aggravated by light.

General. No ward instruction is yet possible but the new extension to the hospital is being taken into use this month, and will give greatly improved facilities both for teaching and for study.

Enquiries should be made to the Dean, Institute of Dermatology, St. John's Hospital for Diseases of the Skin, Little Street, Eic-rter Square, London, W.C.2.

INSTITUTE OF LARYNGOLOGY AND OTOLOGY (Royal National Throat, Nose and Ear and Golden Square Hospitals) (British Postgraduate Medical Federation)

A comprehensive course lasting 32 weeks and designed to cover the whole field of the specialty is held twice a year beginning in February and September. This consists of lectures, demonstrations and attendance on the practice of the hospital, with facilities for dissection. A special point is made of the anatomy, physiology and pathology related to the subject. Advanced students may obtain additional experience by appointment as Out-patient Assistants. An Advanced Revision Class (10 weeks) for M.S. and F.R.C.S. students is also given twice yearly. The composite fee, including enrolment as a medical assistant, attendance on the hospital practice and at one of the comprehensive courses, but excluding dissection, is £52 10s.

For further information applications should be addressed to the Dean, Institute of Laryngology and Otology, 330 Gray's Inn Road, W.C.1.

INSTITUTE OF OBSTETRICS AND GYNECOLOGY (British Postgraduate Medical Federation)

Incorporates the teaching facilities of Queen Charlotte's Maternity Hospital, the Chelsea Hospital for Women, and the Department of Obstetrics and Gynaecology of the Postgraduate Medical School. Applications to attend courses of instruction are invited from graduates holding a registrable medical qualification.

On enrolment, graduates are posted to one of the constituent hospitals but they also attend combined classes at the other two hospitals on two days a week. This provides a wide variety of teaching and clinical material. The enrolment fee is £3, and the charge for one term is £20 or for two terms the charge is £35. An intensive course suitable for those preparing for higher examinations will be held at the end of the Autumn term.

General practitioners requiring further experience in obstetrics are accepted during the term at Queen Charlotte's Hospital, to attend the practice of the hospital for 2 or 4 weeks, with opportunity to conduct normal deliveries and to attend combined classes at the other hospitals. Fee £3 a week during term.

Postgraduates may attend the practice of the hospital at the Postgraduate Medical School and Queen Charlotte's Hospital during the vacation, when a charge of £1 a week is made.

Hostel accommodation is available at the Postgraduate Medical School and at a short distance from Queen Charlotte's Hospital.

Applications for further information and for enrolment forms should be made to the Secretary, Institute of Obstetrics and Gynaecology, Chelsea Hospital for Women, Dovehouse Street, S.W.3.
INSTITUTE OF OPHTHALMOLOGY
(Royal London Ophthalmic, Royal Westminster Ophthalmic, Central London Ophthalmic Hospitals) (British Postgraduate Medical Federation)

Courses of lectures and classes beginning March 1 and October 1 each year to meet the requirements of candidates entering for the examination for the Diploma in Ophthalmology and other ophthalmological examinations will be given by members of the staff of the Hospital and Institute. Each course is designed to extend over two terms of approximately 18 weeks each and is normally divided into two parts

Part I. Anatomy (including embryology and normal histology), elementary physiology of the eye, optics (elementary and physiological), practical tutorials in refraction work and clinical subjects.

Part II. Advanced physiology, all clinical branches of the subject together with bacteriology and pathology. Students can attend the daily clinical practice of the two branches of the Moorfields, Westminster and Central Eye Hospital, and hold the appointments of Junior Clinical Assistants and Clinical Assistants concurrently with the above courses. A composition fee of £26 5s. od. will admit students once to the lectures and tutorial classes of any one term, with six months’ clinical practice in the hospital.

Extra Courses. Slit lamp microscopy (fee, £5 5s. od); orthoptic training (one week’s intensive course, fee, £5 5s. od.; contact lenses (one week’s intensive course, fee, £10 10s. od.). Additional courses by arrangement.

Hospital Practice only. Fees as follows: one month, £2 2s. od.; three months, £5 5s. od.; six months, £10 10s. od.

For further information apply to the Dean, Institute of Ophthalmology, Fudd Street, London, W.C.1.

INSTITUTE OF ORTHOPAEDICS
(British Postgraduate Medical Federation)

The Institute is concerned with postgraduate education in orthopaedics and with research. The practice of the Royal National Orthopaedic Hospital (both at the town section in Great Portland Street, and at the country section at Stanmore) is open to postgraduates, who may join at any time. In addition to hospital practice, formal courses of various lengths are held during academic terms. Facilities for advanced clinical work are available for selected candidates having a suitable scientific or surgical training.

A course in Diagnostic and Prognostic Methods in Orthopaedics will take place from November 6 to 11.

Further particulars may be obtained from the Dean, Institute of Orthopaedics, Royal National Orthopaedic Hospital, 234 Great Portland Street, W.1.

INSTITUTE OF PSYCHIATRY
(British Postgraduate Medical Federation)

The Institute, which was formerly the Maudsley Hospital Medical School, is now associated with the joint Bethlem Royal Hospital and Maudsley Hospital. It is concerned with postgraduate education in psychiatry and allied subjects, and with research. A course of instruction covering two to two and a half years, and starting in October yearly, is provided for medical practitioners who wish to specialize in psychiatry or to prepare for the Diploma in Psychological Medicine.

Clinical instruction, which includes case conferences, seminars, and practical experience in case taking, is given at associated hospitals in the mornings, and systematic lectures and demonstrations are arranged for the afternoons. Students may also enrol for shorter periods, or for single series of lectures.

The subjects covered include general and child psychiatry, principles of psychotherapy, forensic psychiatry, criminology, neuroanatomy, neurophysiology, with special reference to the clinical applications of the electroencephalogram, neuropathology, biochemistry, social psychology, mental testing, and statistics. Lectures on subjects of special interest are arranged from time to time. The tuition fee for a full year’s course is £53 10s. od. including enrolment fee. For shorter periods the fee varies with the type of course chosen.

Selected students are eligible for appointments on the staff of the Joint Hospital.

Facilities for research and supervision of study for higher degrees also exist in clinical work and in the biochemical, electrophysiological, neuropathological and psychological laboratories.

A course of lectures on ‘Physical aspects of normal nervous and mental activities’ is being given at the Maudsley Hospital, Denmark Hill, at 3 p.m., as follows:

November
2 Dr. D. Hill. The nature of the electro-encephalogram.
9 Dr. H. McIlwain. Metabolic processes supporting the activities of the brain.
16 Prof. J. Z. Young. Cortical structure and function.
23 Prof. F. Goldby. The rhinencephalon.
30 Prof. A. Meyer. The frontal lobe.

December
7 Dr. G. W. Harris. Neural control of the pituitary gland.

Admission free.

Further information may be obtained from the Dean, Institute of Psychiatry, Maudsley Hospital, Denmark Hill, London, S.E.5.

INSTITUTE OF UROLOGY (St. Peter’s and St. Paul’s Hospitals) (British Postgraduate Medical Federation)

Three courses are held annually. Instruction includes systematic lectures, out-patient sessions, ward visits, operation sessions and tutorial demonstrations. Fee, £18 18s. od. Special courses in venereology are held twice yearly.

Applications should be addressed to the Secretary, St. Peter’s Hospital, Henrietta Street, London, W.C.2.

NATIONAL HOSPITAL, QUEEN SQUARE
(Institute of Neurology) (British Postgraduate Medical Federation)

The teaching is mainly by attendance on the hospital practice. More advanced students are appointed as clinical clerks, or to the electro-encephalographic or one of the other special departments, or to the research laboratories.

In addition two full-time courses of ten weeks’ duration are given each year, namely, in the Autumn and Spring Terms. The first portion of the course deals with the anatomy and physiology of the nervous system, neuropathology and psychology, and consists mainly of
lectures and demonstrations. The second portion deals with clinical neurology, medical and surgical, neuro-ophthalmology, neuro-otology and radiology, and includes lectures and demonstrations. A course in neuro-surgery is given during the Summer Term. Special lectures by neurologists from outside London and from abroad are held throughout the three courses. Fees, for the ten weeks' full-time course, 20 guineas; for attending hospital practice, 15 guineas for three months or 28 guineas for six months.

The following lectures will be given in the Lecture Theatre, at 5 p.m., as follows:—

November
7 Prof. W. le Gros Clark. The problem of the hippocampus.
14 Prof. A. Biemond (Amsterdam). Thrombosis of the arterio-basilaris.
16 Dr. R. S. Allison. Cerebral anoxia.

Admission free.

For further particulars please apply to the Dean, National Hospital, Queen Square, Institute of Neurology, London, W.C.1.

POSTGRADUATE MEDICAL SCHOOL OF LONDON (British Postgraduate Medical Federation)
The Postgraduate Medical School of London (formerly the British Postgraduate Medical School) is associated with the Hammersmith Hospital, Ducane Road, W.12. It has University Departments in Medicine, Surgery, Obstetrics and Gynaecology, and Pathology. The Department of Obstetrics and Gynaecology together with Queen Charlotte's and the Chelsea Hospitals, now forms the Institute of Obstetrics and Gynaecology. The teaching in the clinical departments, which is of an advanced nature and based on ward work, is continuous and is supplemented by lectures during three ten-week sessions starting in January, April and October. Suitable students are encouraged to undertake research work. A course for the University Diploma in Clinical Pathology, lasting one year, is available for a limited number of selected students. This commences in October. In anaesthetics, short practical courses lasting a fortnight, and longer periods of training for six months, are provided. The Department of Radiology of the Hospital provides courses for the Diploma in Medical Radiology of the University and Conjoint Board. The fees vary from £3 for one week to £60 for a year.

For further information application should be made to the Dean, Postgraduate School of London, Ducane Road, W.12.

LONDON SCHOOL OF HYGIENE AND TROPICAL MEDICINE (University of London)
Course of study for the University of London Certificates and Diploma in Public Health. The course is designed for qualified medical practitioners and is intended primarily to prepare them for the Academic Postgraduate Certificate and Diploma in Public Health of the University of London. The preliminary part is intended to meet the needs of registered medical practitioners who intend to devote themselves to any branch of Public Health work, and the full course is intended to provide more advanced instruction for those practitioners who wish to qualify themselves for appointments in which they are required by law to hold registered Diplomas or Degrees in Public Health (or State Medicine). The preliminary course lasts three months, and the complete course covers one academic year of nine months, and tuition begins at the end of September in each year. The tuition fee for the course for the Certificate in Public Health is £21, and for the full course is £56 14s. od. (both payable at the time of enrolment). The fees include payments in respect of work in a public health department, instruction in infectious diseases and hospital administration, and certain visits. They do not include University registration and examination fees. The registration fee, payable to the University by students who have not previously matriculated in the University of London, is £3 3s. od. Application for admission to the course should be made to the Registrar of the School. Applications from nationals from Pakistan and India should be made through the offices of their respective High Commissioners in London. Part-time students are not at present admitted to the course. The detailed regulations, governed by the Rules of the General Medical Council, are issued by the University of London.

Course of study for the Diploma in Tropical Medicine and Hygiene (England). The course is intended primarily to prepare qualified medical practitioners for the examination for the Conjoint Board for the Diploma in Tropical Medicine and Hygiene. The course is open to any qualified medical practitioner, but who, at present, are not admitted to the studentship of the University of London. All students from overseas are advised to make application as early as possible in order that they may be assured before sailing that there is a place available. Applications from nationals from Pakistan and India should be made through the offices of their respective High Commissioners in London.

Course of study for the Academic Diploma in Bacteriology. This course is designed to prepare candidates for the Academic Postgraduate Diploma in Bacteriology of the University of London. The course is open to graduates in medicine, science and pharmacy of the London or another approved University, whose previous training has, in the opinion of the London University, fitted them to profit by the course; registered medical practitioners and other students who, though not graduates, have obtained a qualification and undergone a previous training which, in the opinion of the London University, has fitted them to profit by the course. The course begins about the first week in October, in each year, and lasts one academic year of nine months. The examination for the Diploma is held once in each year beginning on the Thursday following the third Monday in June. The composite fee for the course is £56 14s. od.; this includes tuition, hire of microscope, and the provision of a clean gown and towel each week. The examination fee is £5 5s. od. The registration fee, payable to the University by students who have not previously matriculated in the University of London, is £3 3s. od. Applications for admission to the course should be submitted to the Registrar of the School, and should be accompanied by a statement of the candidate’s past experience, and of the particular branch of bacteriology.
that he intends to take up in the future. A list of publications, if any, should also be included. It is important to know whether the candidate is going to take up bacteriology as a whole-time career. The number of places is strictly limited. Applications for admission should be received by the end of March; candidates will be informed by the end of April whether or not they can be admitted.

Applicants who are interested in hospital pathology as opposed to public health bacteriology are reminded that a course for the Diploma in Clinical Pathology is available at the Postgraduate Medical School of London.

Short courses in the principles of Medical Statistics and Statistical Methods. In addition to the general course of instruction in medical statistics and elementary statistical ideas and methods which forms part of the curriculum of students working for academic diplomas, the Department of Medical Statistics offers a short and rather more advanced three month course in these subjects. In this short course particular attention is given to the analysis of medical statistical material and students are taught, in lectures and by practical work, the more important methods of treating and interpreting numerical data. Special lectures are given on the general principles of statistical inference and the elements of the theory of probability. The nature and source of medical-statistical data are discussed and lectures given on statistical-epidemiological aspects of diseases and on such subjects as occupational and social aspects of mortality and morbidity, population sampling methods and tests of inoculation procedures. The programme consists of 4–5 lectures and 6–7 hours of practical work each week, usually arranged to occupy two whole days. The days and hours of attendance are not fixed but are arranged from term to term to fit in with other courses in the School and to meet, when possible, the needs of students who wish to take this part-time course and to carry on with other work at the same time. Those with more time at their disposal are able to do additional practical work and are assisted in analysing statistical material of their own outside the fixed hours of classes. The course lasts three months and is held twice a year, beginning in the first week of January and about mid-April, if sufficient applications are received. The fee for the course is £12 12s. od. Application should be made to the Registrar of the School not less than one month before the course is due to begin.

Course in Applied Helminthology. A short course is held from time to time, and is designed for members of staffs of agricultural colleges, officers or intending officers of the Colonial Agricultural and Veterinary Services, and officers or officials of local authorities. The course lasts three weeks and is held in the month of July, but it is not held every year. The fee for the course is £4 4s. od.

For further information and enrolment applications should be addressed to the Secretary, London School of Hygiene and Tropical Medicine, Keppel Street, Gosver Street, London, W.C.1.

MAIDA VALE HOSPITAL FOR NERVOUS DISEASES

Teaching in neurology is provided for graduate students from this country and overseas, who are preparing for higher medical degrees (M.D., M.R.C.P., D.P.M.), or those who desire advanced education in neurology. There is a limited number of clinical clerkships in the wards, with opportunities for examining patients. The work of the Medical School comprises in-patient and out-patient teaching with tutorials, demonstrations and lectures on neuropathology, radiology, E.E.G., and other ancillary subjects. Throughout term demonstrations are also given for general practitioners. The school terms (12 weeks), begin in October, January and April.

For further information apply by letter to the Secretary, Medical School, Maida Vale Hospital, London, W.9.

NORTH LONDON POSTGRADUATE MEDICAL INSTITUTE

Courses in advanced medicine, advanced surgery, and obstetrics and gynaecology. Instruction in pathology, anaesthetics and radiodiagnosis. Clinical instruction at Bearsted Memorial Hospital, Chase Farm Hospital, North Middlesex Hospital, The Prince of Wales's General Hospital and St. Ann's General Hospital. During the coming academic year there will be eight-week courses in advanced medicine suitable for those taking the M.R.C.P. examination, and eight-week courses in advanced surgery suitable for those taking the F.R.C.S. examination, also two-week courses for those taking the D.Obst.R.C.O.G. examination.

For further information apply to the Dean, the Prince of Wales's General Hospital, London, N.15.

ROYAL EYE HOSPITAL (King's College Hospital Group)

Malcolm McHardy Memorial Lectures: Anatomy of the Eye and Orbit, by Prof. Thomas Nicol, on November 27, December 4, 11, 18, January 8, 15, 22 and 29, at 5.30 p.m.

Laurence-Holthouse Memorial Lectures: Physiology of the Eye, on November 3, 10, 17, 24, December 1, 8, 15, 29, January 5, 12, 19 and 26, at 5.30 p.m.

Clinical Ophthalmology: Methods of Examination, by Mr. C. M. Shafuto, on December 14, 21, January 4 and 11, at 5 p.m.; Science and Art of Refraction, by Dr. T. H. Whittington, on November 14, 21, 28, December 5, 12, 19 and January 2, at 5 p.m. Operative Surgery, by Miss J. M. Dollar, on November 2, 9, 16 and 23, at 5.30 p.m.; Pathology, by Miss M. Savory, on November 17, 24, December 1 and 8, at 4.15 p.m.; Revision Classes: Optics, by Mr. H. N. Reed, on December 11, 18, January 8, 15 and 22, at 4 p.m.; Clinical Ophthalmology, by Mr. R. A. Burn and Mr. R. P. Crick, on November 1, 8, 15, 22, 29, December 6, 13 and 20, at 4 p.m.

Occasional lectures will be given as follows:—

November
20 5 p.m. Mr. T. K. Lyle. Paralytic squint and its treatment.
30 5.30 p.m. Dr. T. Rowland Hill. Extracocular signs and symptoms of disease of the Central Nervous System.

December
6 5.30 p.m. Mr. L. H. Savin. Proptosis.
7 5 p.m. Mr. G. C. Pritchard. Artificial eyes.

Practical Courses
Pathology and Bacteriology, by Dr. J. D. Gray and Dr. A. Cunliffe, by arrangement.
Refraction, by Dr. T. H. Whittington, by arrangement.
Operative Surgery, by Miss J. M. Dollar and Miss M. Savory, by arrangement.
The lectures are open to both postgraduate and undergraduate students. A fee of £5 5s. od. per subject will be charged for Physiology and Anatomy, for the practical courses on Pathology and Bacteriology, Refraction and Operative Surgery.

Applications should be addressed to the Secretary to the Medical Committee, Royal Eye Hospital, St. George's Circus, London, S.E.1.

ST. STEPHEN'S HOSPITAL
(Rheumatism Unit)
Two concentrated week-end courses in the Rheumatic Diseases are given each year, in March and in October, under the auspices of the Fellowship of Postgraduate Medicine.

A limited number of postgraduates can attend the Out-Patient Sessions of the Unit on Wednesday and Friday mornings at 10 a.m.

Applications for attendance at these sessions should be made to the Medical Registrar, Rheumatism Unit, St. Stephen's Hospital, Fulham Road, S.W.10.

EMPIRE RHEUMATISM COUNCIL
Lecture courses in Rheumatic Diseases are arranged for general practitioners and other postgraduates periodically.

Particulars are obtainable from the General Secretary, Empire Rheumatism Council, Tavistock House (N), Tavistock Square, London, W.C.1.

LONDON COUNTY MEDICAL SOCIETY
The next meeting will be held at Lewisham Hospital, S.E.13, on November 8, at 2.30 p.m.

All enquiries and communications should be addressed to the Hon. Secretary, F. Gabe, Esq., F.R.C.S., St. Alfege's Hospital, Vanbrugh Hill, London, S.E.10 (Telephone: Greenwich 2655, ext. 48).

ROYAL INSTITUTE OF PUBLIC HEALTH
AND HYGIENE
Courses of instruction for those eligible, have been arranged, as follows: Certificate in Public Health, and Part I Diploma in Industrial Health, started October 6; Diploma in Public Health, started August 4; Diploma in Industrial Health, Part II, starting February 1951. All courses may be taken either full time or part time.

Prospectuses, enrolment forms and full particulars may be obtained from the Secretary, The Royal Institute of Public Health and Hygiene, 28 Portland Place, London, W.1.

BIRMINGHAM
Faculty of Medicine: Board of Graduate Studies

Refresher Courses for N.H.S. Practitioners. A refresher course will be held at the Royal Hospital, Wolverhampton, on Mondays and Thursdays, at 2.45 p.m., from October 2 to December 14.

A refresher course consisting of Sunday morning rounds of the wards for fourteen consecutive weeks will be held at the North Staffordshire Royal Infirmary and City General Hospital, Stoke-on-Trent, from 10 a.m. to 12 noon from September 3. Limited to 20.

For these courses practitioners must have been qualified for at least three years and have not less than 500 patients on their list.

An intensive week-end course will be held at the Birmingham Accident Hospital on December 1, 2 and 3. Fee, £5 5s. od.

For further information and enrolment applications must be addressed to the Director of Medical Graduate Studies, the Medical School, Edgbaston, Birmingham 15.

BRISTOL
Medical Postgraduate Department of the University of Bristol
C.P.H. (Certificate in Public Health) and D.P.H. (Diploma in Public Health). Preliminary course for C.P.H. occupies ten weeks. Final course for the Diploma occupies the Spring and Summer Terms. Courses run concurrently and begin in October.

D.P.M. (Diploma in Psychological Medicine) Part I. The course covers a period of not less than two terms normally beginning in the autumn.

Course in Child Health. A course lasting three months, suitable for the D.C.H. of the Royal Colleges, begins in October.

Course in Anaesthetics. A course lasting 12 months, suitable for the D.A. of the Royal Colleges, begins in October.

Applications for further information and for enrolment in courses should be made to the Director, Medical Postgraduate Studies, The University, Bristol, 8.

CAMBRIDGE
University Medical School
Postgraduate facilities for general practitioners. From October 2, 1950, to July 27, 1951, regular daily medical and surgical ward rounds, out-patient clinics, and a monthly clinico-pathological conference will be available at the Cambridge United Hospitals. A detailed time-table showing subjects, is obtainable on application.

Enquiries should be addressed to the Secretary, Cambridge University Medical School, The Naval Hut, Downing College, Cambridge.

CARDIFF
The Welsh National School of Medicine
C.P.H. Wales (Certificate in Public Health). Three months' full-time course, October to December.

D.P.H. Wales (Diploma in Public Health). Twelve months' part-time course, January to December.

T.D.D. Wales (Tuberculous Diseases Diploma). Five to six months' full-time course, January to June.

D.M.R.D. Eng. (Diploma in Medical Radiodiagnosis). Eighteen months' full-time course from October.

The number of admissions to each of the above courses is strictly limited, and early application should be made to the Secretary, The Welsh National School of Medicine, 34 Newport Road, Cardiff.
DUBLIN
University College

The following courses will be held during the session 1950-51:

C.P.H.  Course and examination. Michaelmas Term.
D.P.H.  Course. Hilary and Trinity Terms.
Examinations. Summer Term.
D.P.M.  Course and examination. Michaelmas Term.
D.C.H.  Course and examination. Hilary Term.

Further particulars may be obtained on application to the Registrar, University College, Earlfort Terrace, Dublin.

EDINBURGH
Edinburgh Postgraduate Board of Medicine

General Surgery. A three months' course of postgraduate surgery is arranged to start on March 26, 1951. It is suitable for surgeons requiring a refresher course in the current outlook on general surgery, or for graduates preparing to specialize in surgery; approximately 200 hours of instruction are provided. Fee, £31 10s. od. A similar course will be held starting October 1, 1951.

Internal Medicine. A course lasting 12 weeks, suitable for graduates wishing a refresher course, or to specialize in Medicine, begins on April 2, 1951. These courses consist of 320 hours' instruction, comprising lectures, clinical demonstrations and ward visits. Fee, £31 10s. od. A similar course begins October 1, 1951. An additional course in Paediatrics is run in conjunction with the course in Medicine, for which there is a small fee; the numbers are limited.

Medical Sciences. A three months' course in Applied Anatomy, Physiology, Pathology, Bacteriology and Biochemistry will begin on July 2, 1951. This course is suitable for postgraduates wishing to take the Primary Fellowship Examination, as a final preparation in these subjects. Considerable basic knowledge is highly desirable prior to taking this course. The number attending will be limited. Fee, £31 10s. od.

Refresher Course for General Practitioners. The 18th fortnight general refresher course for N.H.I. practitioners will start on May 7, 1951. Fee for graduates not claiming expenses from Government sources, 10 guineas.

Applications for enrolment should be addressed to Director of Postgraduate Studies, Surgeons' Hall, Edinburgh, 8. Applicants for courses, except general practitioners, should supply particulars of qualifications and postgraduate experience.

Royal Medical Society

The meetings of the Society are held in the Society's Hall on Friday evenings during the Autumn and Spring Terms. Meetings consist of Private Business (at 7 p.m.) and Public Business (at 8 p.m.) in which dissertations by members or addresses by prominent medical men on subjects of medical interest are given. Clinical meetings are held periodically in the Royal Infirmary and film shows of the latest medical films are given in the Society's Rooms. Prospective members will be welcomed on any Friday evening in the Society's Hall before public business.

Applications for further information should be addressed to the Secretary, Royal Medical Society, 7 Melbourne Place, Edinburgh, 1.

GODALMING, SURREY
Tuberculosis Educational Institute

A three-day Clinical course will be held at the King George V Sanatorium, Godalming, on November 21, 22 and 23. Fee, £25 3s. od.

Applications for further information and for enrolment should be addressed to the Secretary, Tuberculosis Educational Institute, Tavistock House North, Tavistock Square, London, W.C.1.

LIVERPOOL
University of Liverpool

The following postgraduate courses of instruction are offered:

Orthopaedic Surgery. A full-time 15-month course starting a Mastership in Orthopaedic Surgery (M.Ch.Orth.) open to all medical graduates of approved Universities (and to graduates in other faculties with qualifications in medicine) who hold an F.R.C.S. of one of the British colleges or its equivalent. The fee for the whole course is £80. The course begins in October.

Radiology. A full-time course of two academic sessions leading to a Diploma in Radiology (D. or T.) which can be taken in either radio-diagnosis or radiotherapy, open to medical graduates of approved Universities and to medically qualified candidates who hold approved higher medical diplomas and a degree in a faculty other than medicine. The fee for the full two-year course is £100. The course begins in October. The degree of M.Rad. may, after report by the Faculty, be conferred on holders of the D.Rad.(D. or T.) of this University under certain conditions.

Surgery. A full-time one-year course leading to the Mastership of Surgery (Ch.M.) of the University of Liverpool, open to medical graduates of approved Universities and to graduates in other faculties with qualifications in medicine and an F.R.C.S. of one of the British colleges or its equivalent. The course is suitable for candidates who have already completed the Primary of their F.R.C.S. and will not include instruction in anatomy and physiology suitable for this examination. The fee for the course is £60. The course begins in October.

Public Health. A full-time one-year course leading to the Diploma in Public Health, open to candidates with a medical qualification from an approved University or medical school. The fee is £60. All courses of instruction begin in October.

Tropical Medicine and Hygiene. A full-time four-month course leading to the Diploma in Tropical Medicine and Hygiene (D.T.M. & H.) open to candidates with a medical qualification from an approved university or medical school. The course begins in September and January. Fee, £42.

Anaesthesia. A full-time course of postgraduate instruction, limited to ten students, will begin on October 1 and last for one year. This course has been accepted by the Conjoint Board of England for fulfilling the requirements of candidates for the Diploma in Anaesthetics. The fee for the course is £60.

Internal Medicine. For graduates proceeding to a higher qualification in medicine (e.g. M.R.C.P. or M.D.) there is a part-time course lasting one year.

This comprises lectures and demonstrations in pathology, bacteriology, general medicine, neurology, cardiology, psychiatry, otolaryngology, ophthalmology, dermatology, radiology, ophthalmology, and surgery.
ology and radiological diagnosis. The course normally begins in October, but graduates may join at other times without disadvantage.

For students holding registrar (or equivalent) appointments in the Liverpool area the fee is £2 2s. per term. Students not holding such appointments are entitled to be attached to suitable hospitals as postgraduate clerks and the fee payable is £7 7s. per term.

Refresher courses for general practitioners are arranged from time to time.

Applications for further information should be addressed to the Dean, Faculty of Medicine, The University, Liverpool, 3.

MARKET DRAyon
Tuberculosis Educational Institute

A three-day Clinical course will be held at the Cheshire Joint Sanatorium, Market Drayton, on December 13, 14 and 15. Fee, £3 3s. 0d.

Applications for further information and enrolment should be addressed to the Secretary, Tuberculosis Educational Institute, Tavistock House North, Tavistock Square, London, W.C.1.

OXFORD
University of Oxford Postgraduate Medical Education Committee

Postgraduate education for general practitioners arranged as follows:

At the United Oxford Hospitals

Clinics held throughout the year, except during August and September:—Medicine, ward rounds, Mondays, Tuesdays, Wednesdays, Thursdays and Fridays, 10.15 a.m.; clinical demonstrations, Thursdays, 2.15 p.m.; Nuffield Department of Medicine, Medical Concilia, Wednesdays (alt. weeks), 5 p.m., Radcliffe Infirmary.

Chest Diseases, ward rounds, Mondays and Fridays, 2 p.m., the Osler Pavilion. Psychiatry, out-patients, Tuesdays, 2 p.m., Radcliffe Infirmary; clinical demonstrations, Fridays, 4 p.m., Park Hospital.

Infectious Diseases, ward rounds by arrangement, 2 p.m., Slade Infectious Diseases Hospital. Geriatrics, Mondays, 2.15 p.m., Cowley Road Hospital.

Paediatrics, ward rounds, Saturdays, 10.30 a.m., Radcliffe Infirmary; Infant Welfare Clinic, by arrangement, 2 p.m., Oxford City Clinic.

Neurology, out-patients, Tuesdays and Wednesdays, 2 p.m., Radcliffe Infirmary; clinical demonstrations, Thursdays, 5 p.m., Radcliffe Infirmary.

Dermatology, out-patients, Mondays and Fridays, 2 p.m., Radcliffe Infirmary. Surgery, ward rounds, Thursdays, 9.30 a.m., Churchill Hospital; Tuesdays and Thursdays, 2.15 p.m., Radcliffe Infirmary. Clinical demonstrations, Tuesdays, 4.30 p.m. Accident service, 10.30 a.m. daily. Orthopaedic Surgery, clinical demonstrations, Thursdays, 9 a.m. Wingfield-Morris Hospital.

Obstetrics and Gynaecology, lecture demonstrations, Mondays, Tuesdays, Fridays, 9.15 a.m., post-natal clinic, Wednesdays, 2 p.m.; ante-natal clinic, Thursdays and Fridays, 2 p.m.; symposium, Thursdays, 3.15 p.m. (monthly), Maternity Home, Radcliffe Infirmary; clinical demonstrations, Wednesdays, 5 p.m., Radcliffe Infirmary. Clinico-Pathology, symposium, Wednesdays (alt. weeks), 5 p.m., Maternity Theatre, Radcliffe Infirmary. Venereal Diseases, males, Wednesdays, 5.30 p.m., females, 2.30 p.m., Radcliffe Infirmary.

The following short courses will be held:—

Paediatrics, Wednesdays, November 1, 8 and 15, at 3.30 p.m., Churchill Hospital.

Skin Diseases, Fridays, December 1, 8 and 15, at 3.45 p.m., Radcliffe Infirmary.

General practitioners wishing to avail themselves of the facilities set out in this schedule should apply to the Chairman, Postgraduate Medical Education Committee, 91 Banbury Road, Oxford.

At the Reading Group of Hospitals

Clinical Assistantships open to all practitioners in the area in the following subjects:—medicine, surgery, paediatrics, ophthalmology, otolaryngology, obstetrics and gynaecology, pathology. These appointments will be for one to six months according to the number of applicants.

Clinical Demonstrations, at the Royal Berkshire Hospital, Thursdays, 2.15 p.m. Medicine, first Thursday of the month; Surgery, second Thursday.

Paediatrics, third Thursday. Obstetrics and Gynaecology, fourth Thursday.

Applications should be sent to Mr. Gordon Bohn at the Royal Berkshire Hospital, Reading.

At the Northampton General Hospital

Medical Conferences, November 8, 15, 22; Surgical Conferences, November 29, December 6, 13; Obstetrics, January 10, 17; Paediatrics, January 24; E.N.T. Conferences, January 31, February 7, 14; Special short courses, Psychiatry, February 22; Pathology, February 28, Dermatology, March 9. All courses in the Board Room, Northampton General Hospital, at 3.30 p.m.

Application should be made to Mr. Gordon Sturridge, Northampton General Hospital.

SOUTHEND

Southend General Hospital

An abdominal operation session is held every Saturday afternoon from 2 p.m. to 7 p.m., at which postgraduates are welcome. There is no fee. Trains from Fenchurch Street to Southend or to Westcliff are as follows, but postgraduates are advised to check them in case of alterations, the time of arrival is stated in brackets.

To Southend: 12.1 (1.7), 12.7 (1.19), 12.13 (1.25), 12.25 (1.32), 12.32 (1.46). To Westcliff: 12.1 (1.3), 12.7 (1.15) 12.25 (1.28), 12.32 (1.44). Trains returning to Fenchurch Street are as follows. From Southend: 7.34 (8.55), 8.4 (9.56). From Westcliff: 7.3 (8.30), 7.39 (8.55), 8.8 (9.56).
FELLOWSHIP OF POSTGRADUATE MEDICINE
1 WIMPOLE STREET, LONDON, W.I
