A limited number can be accepted part-time, which includes out-patient sessions and lectures. Special short courses lasting two weeks are given at intervals. Fee £12 1s. 0d.

Further details and applications for admission to these courses should be made to the Dean, Institute of Cardiology, 35 Wimpole Street, London, W.1.

INSTITUTE OF DISEASES OF THE CHEST
(Brompton Hospital and The London Chest Hospital) (British Postgraduate Medical Federation)

The Institute of Diseases of the Chest (Medical School of the Hospitals for Diseases of the Chest) is situated in the grounds of the Brompton Hospital, S.W.3.

Medical

Instruction in diseases of the chest including tuberculosis is conducted during three terms of ten weeks each year. It consists of clinical work in wards and out-patient departments, lectures and demonstrations. A whole-time programme is arranged for not more than 12 graduates each term, preferably those specializing in diseases of the chest. The lectures and demonstrations are so arranged that the subject of chest disease is covered during the two terms beginning in October and January. The lectures during the summer term are arranged as a general revision course. The fee for the whole-time attendance is 15 guineas per term. A larger number of graduates can be accepted for part-time study at a fee of 12 guineas per term; if vacancies are available it may be possible to accept graduates for shorter periods of part-time study at a fee of 5 guineas per month.
A refresher course, of one week's duration, will be held from July 14 to 18. It is intended for those specializing in chest diseases. Fee £5 5s.

Surgical

A whole-time course in chest surgery is conducted during the terms beginning in October and January. It includes attendance at out-patient clinics, operating sessions, ward clinics, case demonstrations and lectures, and is held partly at the Brompton Hospital and partly at the London Chest Hospital. The fee is 15 guineas per term.

A course of lectures and demonstrations on thoracic surgery and anaesthesia will be held from 5 to 7 p.m. each evening from September 15 to 27. Fee £5 5s.

Radiology

Part-time instruction in radiology of the chest for trainee radiologists only is given each term. The fee is 10 guineas per term.

For further general information application should be addressed to the Dean, Institute of Diseases of the Chest, Brompton Hospital, Fulham Road, S.W.3.

INSTITUTE OF CHILD HEALTH (Hospital for Sick Children) (British Postgraduate Medical Federation)

The Institute of Child Health is associated with The Hospital for Sick Children, Great Ormond Street, the Postgraduate Medical School of London at Hamme-rsmith Hospital, and the Queen Elizabeth Hospital for Children. In its programme teaching on every aspect of child health is provided. Visits are arranged to the department for the new-born and premature infant at the Postgraduate Medical School of London, Hamme-rsmith Hospital, Maternity and Child Welfare Clinics, Nursery Homes, etc. The Institute provides tuition throughout the year in three terms of three months' duration each, beginning in January, May and October. In addition a series of lectures by specialists and experts in various spheres is given each term. The fees are 20 guineas for one term and 35 guineas for two terms.

Applications should be addressed to the Dean, Institute of Child Health, Hospital for Sick Children, Great Ormond Street, London, W.C.1.

INSTITUTE OF DERMATOLOGY

(Medical School of St. John's Hospital for Diseases of the Skin) (British Postgraduate Medical Federation)

Clinical Teaching. Instruction is given twice daily in the out-patients' department for which the fee varies from one guinea for one week to 15 guineas for a year. Discussion of special cases takes place at 10 a.m. or Saturdays, except during fourth week of each month.

Laboratory. The facilities for students include technical work in histology, bacteriology and medical mycology.

Lectures. In addition to the Summer Course now being held, a winter course extending over six months begins in October. Both these courses consist of lectures at 5.30 p.m. on Tuesdays, Wednesdays and Thursdays on General Dermatology, branches of pathology and X-ray, and clinical demonstrations on Fridays which are designed for those taking the M.R.C.P.

June

INSTITUTE OF LARYNGOLOGY AND OTOLARYNGOLOGY (Royal National Throat, Nose and Ear Hospital)

(British Postgraduate Medical Federation)

A comprehensive course lasting 32 weeks and designed to cover the whole field of the specialty is held twice a year beginning in February and September. This consists of lectures, demonstrations and attendance on the practice of the hospital, with facilities for dissection. A special point is made of the anatomy, physiology and pathology related to the subject. Advanced students may obtain additional experience by appointment as Out-patient Assistants. An Advanced Revision Class (10 weeks) for M.S. and F.R.C.S. students is also given twice yearly. The composite fee, including enrolment as a clinical assistant, attendance on the hospital practice and at one of the comprehensive courses, but excluding dissection, is £52 10s.

For further information application should be addressed to the Dean, Institute of Laryngology and Otology, 330 Gray’s Inn Road, W.C.1.

INSTITUTE OF NEUROLOGY (The National Hospital, Queen Square, and the Maida Vale Hospital for Nervous Diseases) (British Postgraduate Medical Federation)

The teaching is mainly by attendance on the hospital practice. Some advanced students are appointed as full-time clinical clerks at the National Hospital, Queen Square, or to the electro-encephalographic or one of the other special departments, or to the research laboratory. A limited number of part-time clinical clerkships are available at the Maida Vale Hospital with opportunity for examining patients.

In addition two full-time courses of ten weeks' duration are given each year, namely, in the Autumn and Spring terms. The first portion of the course deals with the anatomy and physiology of the nervous system, neuro-pathology and psychology, and consists mainly of lectures and demonstrations. The second portion deals with clinical neurology, medical and surgical, neuro-ophthalmology, neuro-otology and radiology, and includes lectures and demonstrations. A course in neuro-surgery is given during the Summer term.
Special lectures by neurologists from outside London and from abroad are held throughout the three courses. Fees, for the ten weeks' full-time course 20 guineas; for attending hospital practice, 15 guineas for three months or 28 guineas for six months.

Part-time teaching is given in the Out-patient Department, at the National Hospital, Queen Square, on five days a week throughout the year (public holidays excepted), and at Maida Vale Hospital.

Courses of Clinical Demonstrations are given on Wednesdays and Saturdays at the National Hospital, Queen Square. Advertisements concerning these appear from time to time in the medical journals.

The following lecture will be given in the Lecture Theatre, on June 3 at 5 p.m. by Dr. S. Obrador Alcalde on 'Some reflections on the surgical treatment of epileptic patients'. Admission free.

For further particulars please apply to the Dean, Institute of Neurology, National Hospital, Queen Square, London, W.C.1.

INSTITUTE OF OBSTETRICS AND GYNAECOLOGY (British Postgraduate Medical Federation)

Incorporates the teaching facilities of Queen Charlotte's Maternity Hospital, the Chelsea Hospital for Women, and the Department of Obstetrics and Gynaecology of the Postgraduate Medical School. Graduates must hold a registrable medical qualification.

On enrolment, graduates are posted to one of the constituent hospitals and also attend combined classes at the other two hospitals. The enrolment fee is £3, and the charge for one term of 12 weeks is £30. An intensive course suitable for those preparing for higher examinations will be held in December and June.

General practitioners requiring further experience in obstetrics are accepted during the term at Queen Charlotte's Hospital, to attend the practice of the hospital for two or four weeks, with opportunity to conduct normal deliveries and to attend combined classes at the other hospitals. Fee £3 a week during term. Ministry of Health grants are payable to approved general practitioners attending for such a period. General Practitioner Refresher Courses, lasting one week, are held twice a year for which the fee is £5 5s. This course is recognized by the Ministry of Health, in the case of approved practitioners, for the purpose of a grant.

Postgraduates may attend the practice of the hospital at the Postgraduate Medical School and Queen Charlotte's Hospital during the vacation, when a charge of £1 a week is made.

Hostel accommodation is available at the Postgraduate Medical School and at Queen Charlotte's Hospital. Applications for further information and for enrolment forms should be made to the Secretary, Institute of Obstetrics and Gynaecology, Chelsea Hospital for Women, Dowerhouse Street, S.W.3.

INSTITUTE OF OPHTHALMOLOGY
(Royal London Ophthalmic, Royal Westminster Ophthalmic, Central London Ophthalmic Hospitals) (British Postgraduate Medical Federation)

Courses of lectures and classes beginning March 1 and October 1 each year to meet the requirements of candidates entering for the examination for the Diploma in Ophthalmology and other ophthalmological examina-

...tions will be given by members of the staff of the Hospital and Institute. Each course is designed to extend over two terms of approximately 18 weeks each and is normally divided into two parts.

Part I. Anatomy (including embryology and normal histology), elementary physiology of the eye, optics (elementary and physiological), practical tutorials in refraction work and clinical subjects.

Part II. All clinical branches of the subject together with bacteriology and pathology. Students can attend the daily clinical practice of the two branches of the Moorfields, Westminster and Central Eye Hospital, and hold the appointments of Junior Clinical Assistants and Clinical Assistants concurrently with the above courses. A composition fee of £26 5s. od. will admit students once to the lectures and tutorial classes of any one term, with six months' clinical practice in the hospital.

Extra Courses. Slit lamp microscopy (fee £5 5s. od.); orthoptic training (one week's intensive course, fee £5 5s. od.); contact lenses (one weeks' intensive course, fee £10 10s. od.). Additional courses by arrangement.

INSTITUTE OF ORTHOPAEDICS
(British Postgraduate Medical Federation)

The Institute is concerned with postgraduate education in orthopaedics and with research. The practice of the Royal National Orthopaedic Hospital (both at the town section in Great Portland Street, and at the country section at Stanmore) is open to postgraduates, who may join at any time. In addition to hospital practice, formal courses of various lengths are held during academic terms. Facilities for advanced clinical work are available for selected candidates having a suitable scientific or surgical training.

Further particulars may be obtained from the Dean, Institute of Orthopaedics, Royal National Orthopaedic Hospital, 234 Great Portland Street, W.1.

INSTITUTE OF PSYCHIATRY
(British Postgraduate Medical Federation)

The Institute, which was formerly the Maudsley Hospital Medical School, is now associated with the joint Bethlem Royal Hospital and Maudsley Hospital. It is concerned with postgraduate education in psychiatry and allied subjects, and with research. A course of instruction given covering up to three years, and starting in October yearly, is provided for medical practitioners who wish to specialize in psychiatry or to prepare for the Diploma in Psychological Medicine.

Clinical instruction, which includes case conferences, seminars, and practical experience in case taking, is given at associated hospitals in the mornings, and systematic lectures and demonstrations are arranged for the afternoons. Students may also enrol for shorter periods, or for single series of lectures.

The subjects covered include general and child psychiatry, principles of psychotherapy, forensic psychiatry, criminology, neuroanatomy, neurophysiology, with special reference to the clinical applications of the electroencephalogram, neuropathology, biochemistry, social psychology, mental testing, and statistics. Lectures on
subjects of special interest are arranged from time to time. The tuition fee for a full year's course is £53 10s. od., including enrolment fee. For shorter periods the fee varies with the type of course chosen. Selected students are eligible for appointments on the staff of the Joint Hospital.

Facilities for research and supervision of study for higher degrees also exist in clinical work and in the biochemical, electrophysiological, neuropathological and psychological laboratories.

Further information may be obtained from the Dean, Institute of Psychiatry, Maudsley Hospital, Denmark Hill, London, S.E.5.

INSTITUTE OF UROLOGY (St. Peter's and St. Paul's & St. Philip's Hospitals) (British Postgraduate Medical Federation)
