## CORRECTION

In the obituary notice of Sir William Hale-White, published in our issue of April last, it was stated that Sir William was the first Editor of the *Post Graduate Medical Journal*. This was an error, for which we apologize to our readers. Sir William was, as we said, the Founder of the *Journal*, but was never its Editor, the first to discharge this office being Dr. Adolphe Abrahams (now Sir Adolphe Abrahams), who was appointed in December, 1924.
