POST-GRADUATE TEACHING WEST LONDON HOSPITAL

CONTINUOUS INSTRUCTION. CLINICAL WORK in all DEPARTMENTS.
CLINICAL ASSISTANTSHIPS. • SPECIAL ANNUAL MEMBERSHIP.
TERMS FOR GENERAL PRACTITIONERS. ANÆSTHETIC COURSE.

Prospectus from Sir HENRY SIMSON, K.C.V.O., Dean WEST LONDON HOSPITAL, HAMMERSMITH, W.6

THE HOSPITAL FOR SICK CHILDREN, Great Ormond St., W.C.1.

This Hospital contains 254 beds, with an average admission of 5,000 in-patients per annum; whilst in the Out-patient Department about 25,000 new patients are seen each year. The Medical School is recognised by the Universities of Oxford, Cambridge, and London, and by the Conjoint Medical Board of England, as a teaching institution where two months' clerking and dressing may be carried out by any undergraduate student who is entering for a final qualifying examination. In addition, for students who have completed four years of medical study, six months of the fifth year may be spent there in clinical work under recognition from the Conjoint Board. Post-graduate instruction, open to all qualified medical men and women, is given daily in the wards, out-patient department, operating theatre, and *post-mortem* room by members of the visiting staff. In addition, lectures are arranged for them throughout the year, announcements of which are made from time to time, and full details of them can be obtained from the Dean or Secretary at the Hospital. Clinical clerkship in the wards and clinical assistantships in the out-patient department are also available for post-graduate students. Opportunities for study are also offered in the Ophthalmic, Aural, Dermatological, Dental, Radiographic, and Pathological Departments.

Fees for Hospital Attendances.—One Month's Ticket, £2 2s. Three Months' Ticket, £5 5s. Perpetual Ticket, £10 10s.

Special reduced fee for Clinical Clerks, Dressers for one month's attendance, £1 1s. Clerks attend for about four hours daily.

Pathological Department.—Facilities are afforded to post-graduates for obtaining theoretical and practical instruction in Clinical Pathology and Bacteriology, and in Medical Biochemistry in the Pathological and Biochemical Laboratories.

Courses of 8 to 10 Lecture Demonstrations are given at weekly intervals twice a year in both subjects (Clinical Pathology and Bacteriology, and Biochemistry). These Lecture Demonstrations are of one or two hours' duration.

Fees.—For Course of 8 to 10 Laboratory Demonstrations in either Branch £5 5 0
For Combined Course of (a) Clinical Pathology and Bacteriology and (b) Medical Biochemistry £8 8 0

JAMES MCKAY, Secretary.

ERIC I. LLOYD, F.R.C.S., Dean of the Medical School.

HONEY

the Natural Food

THE delicious flavour and the creamy golden texture of this product of bees and flowers from the sunny meadows of NEW ZEALAND make it a perfect food.

Being *all* nutriment and almost instantly digested, it replaces the sugar in the body which is used up by every muscular action.

A recent analysis of

New Zealand 'Imperial Bee' Honey

by the well-known food specialist, 'Dietist,' stated that it contained *Vitamin B*, the vital principle so necessary to the nutrition of nerve tissue.

In addition, HONEY is mildly laxative.

Make New Zealand "Imperial Bee" Honey an important part of the diet of your children and take it regularly yourself.

In ½'s, 1's and 2½'s Glass Jars with patent "Netur" Cap. If any difficulty in obtaining locally write to

A. J. Mills & Co., Ltd
Colonial House, Tooley Street,
London, S.E. 1.

EMPIRE PRODUCE

The most efficient Peptonising Powders!

Half a tube of
Benger's is enough!

While half a tube of Benger's Peptonising Powders is enough to peptonise a pint of milk, gruel or soup, in most cases in 10 minutes, the extent of the peptonising action can be regulated by either increasing or diminishing the quantity of the powders, and by lengthening or shortening the time during which they are allowed to act on the milk, gruel, etc.

Generally speaking, Benger's Peptonising Powders produce the required result with half the quantity necessary of other preparations, whose initial cost also is higher.

Prices:

No. 1 — Box of 6, 1/-; No. 2 — Box of 12, 1/8

Benger's Liquor Pancreaticus.

An important aid in the preparation of Peptonised Milk, etc.

Benger's Liquor Pancreaticus is an active solution of the digestive principles of the Pancreas; a really efficient agent for the digestion of milk, gruel, and farinaceous or partly farinaceous foods. Benger's Liquor Pancreaticus is odourless and tasteless.

In 4, 8 and 16-oz. bottles.

Prices: 3/-, 5/6 and 10/6

Medical men may obtain full particulars of Benger's preparations post free on request.

BENGER'S FOOD, Ltd., MANCHESTER.
