The Child of Circumstance

The Mystery of the Unborn

By ALBERT WILSON, M.D. Edin., Fellow, late President of the Royal Medical Society, Fellow of the Royal Society of Medicine, &c. With Forewords by The Rev. R. J. Campbell, D.D., and Joseph Shaw Bolton, M.D., F.R.C.P., D.Sc. 67 Illustrations. Price 15/- net; post free, inland 15/9, abroad 16/6.

This work refers to the last hundred years and the changes which have occurred since then. The author is interested in criminals, and has made a study as to their cause, their behaviour and their cure.

The aim of this book is to deal with the criminal from a scientific point of view, to ask what he is and why he is.

through all
branches of

THE HOSPITAL FOR SICK CHILDREN, Great Ormond St., W.C.1.

This Hospital contains 254 beds, with an average admission of 5,000 in-patients per annum; whilst in the Out-patient Department about 25,000 new patients are seen each year. The Medical School is recognised by the Universities of Oxford, Cambridge, and London, and by the Conjoint Medical Board of England, as a teaching institution where two months' clerking and dressing may be carried out by any undergraduate student who is entering for a final qualifying examination. In addition, for students who have completed four years of medical study, six months of the fifth year may be spent there in clinical work under recognition from the Conjoint Board. Post-graduate instruction, open to all qualified medical men and women, is given daily in the wards, out-patient department, operating theatre, and *post-mortem* room by members of the visiting staff. In addition, lectures are arranged for them throughout the year, announcements of which are made from time to time, and full details of them can be obtained from the Dean or Secretary at the Hospital. Clinical clerkship in the wards and clinical assistantships in the out-patient department are also available for post-graduate students. Opportunities for study are also offered in the Ophthalmic, Aural, Dermatological, Dental, Radiographic, and Pathological Departments.

Fees for Hospital Attendance.—One Month's Ticket, £2 2s. Three Months Ticket, £5 5s. Perpetual Ticket, £10 10s.

Special reduced fee for Clinical Clerks, Dressers for one month's attendance, £1 1s. Clerks attend for about four hours daily.

Pathological Department.—Facilities are afforded to post-graduates for obtaining theoretical and practical instruction in Clinical Pathology and Bacteriology, and in Medical Biochemistry in the Pathological and Biochemical Laboratories.

Courses of 8 to 10 Lecture Demonstrations are given at weekly intervals twice a year in both subjects (Clinical Pathology and Bacteriology and Biochemistry). These Lecture Demonstrations are of one or two hours' duration.

Fees.—For Course of 8 to 10 Laboratory Demonstrations in either Branch £5 5 0

For Combined Course of (a) Clinical Pathology and Bacteriology and (b) Medical Biochemistry £8 8 0

JAMES MCKAY, Secretary.

ERIC L. LLOYD, F.R.C.S., Dean of the Medical School.

MEDICAL ADVENTURE

SOME EXPERIENCES OF A GENERAL PRACTITIONER

By ERNEST WARD, M.D. (Camb.), F.R.C.S. (Eng.). 8s. 6d. net, post free 9s. 3d.

Many of these articles were written in the "London Hospital Gazette" to bring before students the realities of General Practice; all are plain, unvarnished narratives of the author's own actual experience.

HONEY and Tuberculosis

"A reliable form of honey now available is NEW ZEALAND 'IMPERIAL BEE' Honey. It is rich in dextrose and lævulose and contains Vitamin B. In colour, flavour, consistency and palatability this honey is standardized and is of excellent quality. It is just the dietetic preparation which will find favour in hospitals and sanatoria, and is to be commended to the notice of doctors and nurses, and employed in the treatment of tuberculosis and tuberculously disposed cases."

From the *British Journal of Tuberculosis*.

New Zealand 'Imperial Bee' Honey

is matured, *i.e.*, creamy,
golden and delicious.

In ½'s, 1's and 2½'s Glass Jars with patent
"Netur" Cap. If unable to obtain locally

The most efficient Peptonising Powders!

Half a tube of Benger's is enough!

While half a tube of Benger's Peptonising Powders is enough to peptonise a pint of milk, gruel or soup, in most cases in 10 minutes, the extent of the peptonising action can be regulated by either increasing or diminishing the quantity of the powders, and by lengthening or shortening the time during which they are allowed to act on the milk, gruel, etc.

Generally speaking, Benger's Peptonising Powders produce the required result with half the quantity necessary of other preparations, whose initial cost also is higher.

Prices:

No. 1 — Box of 6, 1/-; No. 2 — Box of 12, 1/8

Benger's Liquor Pancreaticus.

An important aid in the preparation of Peptonised Milk, etc.

Benger's Liquor Pancreaticus is an active solution of the digestive principles of the Pancreas; a really efficient agent for the digestion of milk, gruel, and farinaceous or partly farinaceous foods. Benger's Liquor Pancreaticus is odourless and tasteless.

In 4, 8 and 16-oz. bottles.

Prices: 3/6, 5/6 and 10/6

Medical men may obtain full particulars of Benger's preparations post free on request.
