JOHN H. YOUNG,
Secretary-Superintendent.

THE HOSPITAL FOR SICK CHILDREN, GREAT ORMOND ST., W.C.1.

This Hospital contains 252 beds, with an average admission of 5,000 in-patients per annum; whilst in the out-patient Department about 25,000 new patients are seen each year. The Medical School is recognised by the Universities of Oxford, Cambridge, and London, and by the Conjoint Medical Board of England, as a teaching institution where two months' clerking and dressing may be carried out by any undergraduate student who is entering for a final qualifying examination. In addition, for students who have completed four years of medical study, six months of the fifth year may be spent there in clinical work under recognition from the Conjoint Board. Post-graduate instruction, open to all qualified medical men and women, is given daily in the wards, out-patient department, operating theatre, and *post-mortem* room by members of the visiting staff. In addition, lectures are arranged for them throughout the year, announcements of which are made from time to time, and full details of them can be obtained from the Dean or Secretary at the Hospital. Clinical clerkship in the wards and clinical assistantships in the out-patient department are also available for post-graduate students. Opportunities for study are also offered in the Ophthalmic, Dermatological, Dental, Radiographic, and Pathological Departments.

Fees for Hospital Attendances. One Month's Ticket, £2 2s. Three Months' Ticket, £5 5s. Perpetual Ticket, £10 10s. Special reduced fees for Clinical Clerks, Dressers for one month's attendance, £1 1s. Clerks attend for about four hours daily.

Pathological Department. Facilities are afforded to post-graduates for obtaining theoretical and practical instruction in Clinical Pathology and Bacteriology, and in Medical Biochemistry in the Pathological and Biochemical Laboratories.

Courses of 8 to 10 Lecture Demonstrations are given at weekly intervals twice a year in both subjects (Clinical Pathology and Bacteriology and Biochemistry). These Lecture Demonstrations are of one or two hours' duration.

Fees.—For Course of 8 to 10 Laboratory Demonstrations in either Branch £5 5 0

For combined Course of (a) Clinical Pathology and Bacteriology and (b) Medical

Biochemistry £8 8 0

JAMES MCKAY, Secretary.

ERIC I. LLOYD, F.R.C.S., Dean of the Medical School.

MEDICAL ADVENTURE

SOME EXPERIENCES OF A GENERAL PRACTITIONER

By ERNEST WARD, M.D.(Camb.), F.R.C.S.(Eng). 8s. 6d. net, post free 9s. 3d.

Many of these articles were written in the "London Hospital Gazette" to bring before students the realities of General Practice; all are plain, unvarnished narratives of the author's own actual experience.

BOOTS PRODUCTS

Peptonised Beef Jelly (BENGER) and Peptonised Chicken Jelly (BENGER)

These can be served either in their jelly state with a few biscuits, or dissolved in hot water in "beef-tea" form, making a valuable restorative readily assimilated by weak digestions.

Containing much of the flesh-forming elements of the meat in soluble form, these peptonised preparations are superior in effect to ordinary essences or extracts. Added to soups they considerably increase the nutrient value.

in hermetically sealed glass jars, 2/- and 3/- each.

NOTE.—*Benger's Peptonised Beef Jelly and Chicken Jelly are entirely free from preservatives.*
