

gitation. B.P. 166/64. X-ray showed dilatation of ascending aorta.

E (fig. 6), absence of expected left-sided preponderance and poorly formed T waves. P waves in leads 2 and 3 large.

Death in six months from angina.

We much regret that there was a printer's error in the authorship of the paper in our last issue on "The Stools in Infancy." The author is Dr. Maizels, and not as was printed. The paper was founded on the work that Dr. Maizels has done over a long period at the Infants' Hospital, Vincent Square.

POST-GRADUATE NEWS.

A FEW remarks concerning the special courses for March may be helpful to intending entrants.

From March 10 to March 15 an all-day course at the Hospital for Consumption, Brompton, will be available. This course will comprise instruction by lecture, by demonstration and by operation. Fee £3 3s.

Beginning also on March 10 but continuing for two weeks, the Staff of the Royal National Orthopædic Hospital will hold an all-day course. Lecture-demonstrations will be given each day, and the clinical practice of the hospital will be open to entrants. As this course is only held subject to an entry of ten, early application is requested. Fee £3 3s.

For those post-graduates who have but the late afternoon at their disposal, a course of clinical demonstrations upon selected cases will be given in the Out-Patient Department (including one or two demonstrations at the In-Patient Department) of the West End Hospital for Nervous Diseases, at 5 p.m., from March 17 to April 11 inclusive. A minimum entry of ten is insisted upon, so early application is requested. Fee £2 2s.

A post-graduate course in Venereal Diseases will be held at the London Lock Hospital, from March 17 to April 12. Afternoons and evenings will be occupied, and the fee for the course is £2 2s.

From March 24 to April 12, a course in Medicine, Surgery and Gynæcology will take place at the Royal Waterloo Hospital for Children and Women. Afternoons and some mornings will be occupied. Fee £3 3s.

On the last day of the month (March 31) a one week's all-day course in Gastroenterology will be held at the North East London Post-Graduate College (Prince of Wales's Hospital), Tottenham, N.15. Instruction will be given from the medical as well as the surgical aspect. Fee £4 4s.

We would draw attention to the fact that *members* of the Fellowship of Medicine and Post-Graduate Medical Association are invited to attend the Annual General Meeting of the Association on Monday, March 31, at 5.30 p.m., to be held at the house of the Royal Society of Medicine, 1, Wimpole Street, W.1.

Detailed information relating to all courses (including the "General" consisting of the clinical practice of the hospitals associated with the Fellowship of Medicine) as well as the programmes of lectures and clinical demonstrations, can be obtained from the Secretary of the Fellowship of Medicine.

M.R.C.P. SPECIAL COURSE.

The dates of the next course arranged by the Fellowship of Medicine have been fixed for May 13 to July 4, and will consist of a series of lectures given by masters in their own particular branch of medicine. The lectures will be delivered (unless otherwise stated), at the Medical Society of London, 11, Chandos Street, Cavendish Square, W.1, at 8.30 p.m. The fee for the course is £6 6s., or 10s. 6d. per lecture. It is hoped to issue the detailed syllabus shortly.

The series of lectures arranged by the Fellowship of Medicine for March are as follows: The lectures take place at the Medical Society of London (lecture room), 11, Chandos Street, Cavendish Square, W.1, on *Tuesdays at 4 p.m.*

March 4.—Professor Francis R. Fraser, "The Uses and Abuses of Digitalis."

March 11.—Mr. W. Girling Ball, "The Differential Diagnosis and Treatment of Infections of the Urinary Tract."

March 18.—Dr. John Parkinson, "X-ray Examination of the Heart."
