

One feels that at least 3,000 of these in the London area ought to be Fellows of the Society, and 6,000 or even more of the remainder would be well advised to become Fellows.

Careful perusal of the year's handbook of the Society will reveal many other advantages that each individual Fellow will soon recognize are at his command.

Copies of the Calendar of the Royal Society of Medicine, giving full particulars of the Society's activities, may be obtained from the Royal Society of Medicine or from the Fellowship of Medicine. It may be noted that both men and women in Great Britain and overseas are eligible to be elected Fellows of the Royal Society of Medicine.

POST-GRADUATE NEWS.

SIX Special Courses will be given during September.

Hospital for Consumption and Diseases of the Chest, Brompton.

A Course will be held from September 7 to September 12, occupying the whole of each day with lectures and demonstrations. The fee is £3 3s.

Bethlem Royal Hospital.

From September 8 to October 3, a Course in Psychological Medicine will be given at the Bethlem Royal Hospital, Monks Orchard, Eden Park, Beckenham, Kent. The Lecture-Demonstrations will be given at 11 a.m., on Tuesdays and Saturdays, by Dr. Porter Phillips and the Medical Staff, and the best route to the Hospital is to travel by the Southern Railway to Eden Park Station. The fee is £1 1s.

Infants Hospital, Vincent Square, S.W. 1.

An afternoon Course in Diseases of Infants will be held from September 14 to September 26. In addition to lectures and

demonstrations at the Hospital, special visits will be made to the United Dairies Pasteurizing Plant at Willesden, to the Nursery Training School at Hampstead, and to the V.D. Centre, Holborn. The fee is £3 3s.

Central London Ophthalmic Hospital, Judd Street, W.C. 1.

From September 15 to October 8 a Course in Ophthalmology will be held. Lecture-demonstrations will be given every afternoon, and in addition the practice of the Hospital will be open to post-graduates, and operations performed daily at 2 p.m. The fee is £3 3s.

Westminster Hospital.

A "refresher" Course will be given from September 14 to September 26, occupying the whole of each day from 10.30 a.m. to 5.30 p.m. with lectures, demonstrations and operations. The Course is open only to men post-graduates, and is especially suitable for Insurance Practitioners. The fee is £5 5s. for two weeks, or £3 3s. for either week.

Metropolitan Hospital, Kingsland Road.

Following immediately after the above Course, a similar one will be given at the Metropolitan Hospital, Kingsland Road, from September 28 to October 10. From 10.30 a.m. to 12.45 p.m. special demonstrations will be given; in the afternoon the post-graduates may attend surgical or medical in- or out-patients departments, or the special departments, or operations; from 4.30 to 5.30 a formal lecture will be given. The Course is open to men and women post-graduates, and is designed to appeal particularly to the general practitioner, both private and panel. The fee is £3 3s. for the fortnight, or £2 2s. for either week. Luncheon and tea will be obtainable at the Hospital at a small charge. There will be daily pathological demonstrations, and Radium Therapy demonstration will be arranged.

St. Mark's Hospital, City Road, E.C.

A series of weekly lectures on Proctology will be given by the staff of the above hospital on Thursdays at 4.30 p.m. There is no fee for attendance, and the September lectures are as follows :—

- September 3.—Mr. J. K. Hasler, "Spinal Anæsthesia."
 September 10.—Mr. W. B. Gabriel, "The Elucidation of Rectal Symptoms: (1) Bleeding."
 September 17.—Dr. Alexander, "Viscerotpsis."
 September 24.—Mr. L. E. C. Norbury, "Benign Strictures of the Rectum."

Tavistock Clinic, Tavistock Square, W.C.1.

A short Course of Lectures on Functional Nervous Disorders for Practitioners and Medical Students will be given at the Clinic for a fortnight from November 2 to November 14. The lectures will be given each day at 4.45 p.m., 5.45 p.m. and 8.15 p.m. The fee for the Course is £2 2s. and tickets may be obtained from the Fellowship of Medicine.

M.R.C.P. EVENING COURSE.

A Course of evening lectures in preparation for the M.R.C.P. examination will be given from October 5 to November 27, at the Medical Society of London, 11, Chandos Street, Cavendish Square, and will consist of eighteen lectures and two eye demonstrations. The lectures will be given on Monday and Wednesday evenings at 8.30 and the fee will be £6 6s. for the eighteen lectures and 10s. 6d. each for the eye demonstrations, or single lectures may be attended at a fee of 10s. 6d. per lecture, payable at the lecture hall. The special eye demonstrations are limited to twelve post-graduates in one case and fifteen in the other, so that early application for these is advisable.

F.R.C.S. (FINAL) COURSES.

Two evening Courses in preparation for the F.R.C.S. (Final) examination will be held at the London Temperance Hospital, Hampstead Road. One Course will take place on Tuesdays, from October 6 to November 10, and the other on Thursdays, from October 8 to November 12. Four evenings in each Course will be devoted to clinical work and two to anatomy and pathology. The two Courses are quite separate and post-graduates may attend either or both. Each Course is strictly limited to twenty-five and early application is essential. Five demonstrators will attend each evening and will provide two suitable cases each; the post-graduates will be divided into groups and each demonstrator will take each group in turn, questioning the candidates on diagnosis, pathology and treatment as though they were in the examination room. Work will begin at 8 p.m., each evening and will last for about two hours. Tea, coffee and biscuits will be provided in an interval at a charge of 6d. per head. The fee for each Course is £7 7s.

WINTER LECTURES.

A series of lectures on "Prognosis" will be delivered at the Medical Society of London, 11, Chandos Street, Cavendish Square, on Wednesdays at 4 o'clock. There is no fee for attendance. The full syllabus is as follows :—

- October 14.—Mr. W. Sampson Handley, "Cancer."
 October 21.—Mr. Kenneth Walker, O.B.E., "Prostatic Enlargement."
 October 28.—Dr. R. O. Moon, "Heart Disease."
 November 4.—Dr. J. W. McNee, D.S.O., "Nephritis."
 November 11.—Lord Moynihan, "Gastric and Duodenal Ulcer."
 November 18.—Dr. Hugh MacLean, "Glycosuria."
 November 25.—Sir Henry Gauvain, "Bone and Joint Tuberculosis."

- December 2.—Mr. A. Tudor Edwards, "Surgical Chest Diseases."
 December 9.—Mr. Cecil A. Joll, "Goitre, with special reference to Thyrotoxicosis."

CLINICAL DEMONSTRATIONS.

Clinical demonstrations have been arranged for the three months, October to December, as follows :—

- Monday, October 12, 2.30 p.m.—St. Mark's Hospital, Mr. J. P. Lockhart-Mummery (Proctology.)
 Friday, October 16, 3.30 to 4.30 p.m.—At the Infants Hospital, Dr. Eric Pritchard, "The Management of Difficult Cases of Feeding."
 Wednesday, October 21, 3 p.m.—At the Royal Waterloo Hospital, Dr. Kenneth Playfair, "The Value of the Electrocardiograph in Diagnosis," with a Demonstration of the Interpretation of Electrocardiograms.
 Friday, October 23, 2 p.m.—At the Miller General Hospital, Mr. Arthur Gray (Gynæcological Operations).
 Tuesday, October 27, 3 p.m.—At the East London Hospital for Children, Dr. Leonard Findlay.
 Tuesday, October 27, 6.30 p.m.—At the Golden Square Throat Hospital, Mr. Gilbert Chubb (O.P. Dept.).
 Monday, November 2, 2.30 p.m.—At the Bolingbroke Hospital, Dr. H. Haldin-Davis (Dermatology).
 Friday, November 6, 2 p.m.—At the Cancer Hospital, Mr. Lawrence Abel (O.P. Dept.).
 Wednesday, November 11, 2.30 p.m.—At the Royal Chest Hospital, Dr. H. B. Day.
 Wednesday, November 11, 3 p.m.—At the Royal National Orthopædic Hospital, Mr. R. Y. Paton (O.P. Dept.).

- Tuesday, November 17, 2 p.m.—At King's College Hospital, Dr. S. A. Kinnier Wilson (O. and I.P.).
 Thursday, November 19, 4.15 p.m.—At the Royal Eye Hospital, Mr. A. F. MacCallan (clinical cases).
 Monday, November 23, 3 p.m.—At the Brompton Hospital, Dr. Stanley Melville (X-ray Dept.).
 Wednesday, November 25, 4.30 p.m.—At St. Paul's Hospital, Mr. W. K. Irwin (Cystoscopic Demonstration).
 Tuesday, December 1, 9.15 a.m.—At the Victoria Park Hospital for Heart and Lungs, Mr. W. H. C. Romanis (Operations).
 Monday, December 7, 6 p.m.—At St. John's Hospital (Leicester Square), Dr. S. E. Dore (O.P. Dept.).
 Tuesday, December 8, 3.30 p.m.—At the Royal Northern Hospital, in the Clinical Lecture Room, Mr. Hamilton Bailey.
 Tuesday, December 15, 2 p.m.—At the Royal Waterloo Hospital, Dr. Bernard Myers, "Pulmonary Affections of Childhood."
 Thursday, December 17, 11 a.m.—At the Miller General Hospital, Mr. Reginald Ledlie, "Varicose Vein Injections."

These demonstrations are open to the medical profession without fee.

International Association for Preventive Pediatrics.

The first meeting of the above Association will take place at The Hague on Monday, September 7, and Tuesday, September 8. The subjects for discussion are: "Return Cases of Scarlatina," and "Mortality of the First Ten Days of Life." For further particulars, application should be made to Professor G. Scheltema, 14A, Poestraat, Groningen, Holland.

FEVERS : DIAGNOSIS AND TREATMENT.

A Course of Instruction will be given in September and October at the Brook Hospital, Shooter's Hill, Woolwich, by Dr. J. B. Byles, on Tuesdays and Fridays, at 2.30 p.m., beginning Tuesday, September 8. Application should be made to :—

The Medical Officer of Health, London County Council, Public Health Department (Special Hospitals), Victoria Embankment, E.C.4.

Fee £3 3s. for two months' course.

NOTICE.

We beg to remind our readers that a subscription of ten shillings per annum entitles them to become *Members of the Fellowship of Medicine*. Every Member gets this Journal post free for the year of his subscription, and he also receives any "Special Announcements" of lectures, demonstrations, &c., taking place at the various hospitals, general and special. Subscription for the Journal only is 6s. per annum.

**ACRIFLAVINE
(BOOTS)**

ONE of the most potent of modern antiseptics, physiologically pure and extremely soluble in water. ACRIFLAVINE (BOOTS) kills organisms in a concentration of 1 in 100,000. Its potency is actually increased in contact with serum. Now recognised as the routine preparation for irrigations in the treatment of Gonorrhœa. Ideal for suppurating wounds and all septic conditions.

Supplied in 5 gm. and 20 gm. bottles, and in Solution Tablets for external use (gr. 1.75 and gr. 2.187).

NEUTRAL-ACRIFLAVINE (BOOTS)

Is specially prepared for internal use (per os) in the form of enteric-coated tablets

Supplied in 5 gm. and 20 gm. bottles; in Solution Tablets for external use (gr. 1.75); and in enteric-coated tablets (gr. $\frac{1}{2}$) for internal use (per os).
