

FELLOWSHIP OF POSTGRADUATE MEDICINE

Grants for research

The Fellowship of Postgraduate Medicine is offering grants for travel, or towards the cost of equipment, for young graduates entering careers in clinical research. Successful applicants will be expected to submit reports of their research for publication in the *Postgraduate Medical Journal*.

Further information may be obtained from Mrs J.M. Coops, Fellowship of Postgraduate Medicine, 6 St Andrew's Place, London NW1 4LB (Tel. 01-935 5556), to whom applications should be made, giving a concise summary of the research project, the sum requested and a curriculum vitae of the applicant.

OXFORD

THE QUARTERLY JOURNAL OF MEDICINE

SEND FOR A
FREE SAMPLE COPY

The Official Journal of the Association of
Physicians of Great Britain and Ireland

Senior Editor: **Professor JS Cameron**, Clinical Science Laboratories, Guy's
Hospital, London

One of the world's major general medical journals, the *Quarterly Journal of Medicine* covers the entire field, with special emphasis on internal medicine. Edited from the UK, the *Journal* attracts definitive contributions from leading clinicians and researchers in all countries.

Published monthly in four volumes a year, the *Journal* reports significant advances in both diagnosis and treatment, and devotes articles to topics of current interest, as well as publishing authoritative and up-to-date reviews by specialists in a particular field.

The *Quarterly Journal of Medicine* not only maintains a high standard of published papers, but also ensures their timeliness and topicality. Papers are usually published within six months of acceptance.

Recent Articles Include:

Adult Community-acquired Staphylococcal Pneumonia in the Antibiotic Era: A Review of 61 cases

M A Woodhead, J Radvan and J T Macfarlane

The Conservative Management of Primary Hyperparathyroidism

M J Sampson, W van't Hoff and E J Bicknell

Reversal of Severe Neurological Manifestations of Wilson's Disease Following Orthotopic Liver Transplantation

R J Polson, K Rolles, R Y Calne, R Williams and D Marsden

Cryptococcal Infection of the Nervous System

Y L Yu, Y N Lau, E Woo, K L Wong and B Tse

Humors, Hormones and The Mind

BERNARD DONOVAN

An approach to the Understanding of Behaviour

Brain science is passing through a revolution, with the progress in recent years being remarkable. The new knowledge is of major practical impact in helping us understand the way we behave and in providing new methods for the treatment of mental illness.

Much of this new material is highly complex and difficult to comprehend. This volume sets out to convey the interest and excitement of recent findings in a manner understandable to a wide cross-section of medical and non-medical workers.

Contents

Preface	6 Peptide Humors	13 Eating and Drinking
INTRODUCTION	7 Immunohumors	14 Masculinity
1 Humours, Humors and Hormones	HOW THE HUMORS AFFECT THE MIND	15 Femininity
2 The Neural Basis of Humoral Action	8 Senses	16 Intellect
HUMORS	9 Emotion	17 Personality
3 Neurohumors	10 Stress	Further Reading
4 Hormonal Humors	11 Aggression	Index
5 The Master Humors	12 Learning and Memory	

February 1988
