ICR International Clinical Symposium

Edinburgh May 9-10, 1990.

'The role of clinical measurement in the evaluation of new drugs'. Organised by Inveresk Clinical Research, Edinburgh.

Information: Symposium Secretariat, CEP Consultants, 26-28 Albany Street, Edinburgh EH1 3QH.

European Medical Research Group

The European Medical Research Group has been formed by Young AEMIE (European Association of Internal Medicine) with the advice and support of the Fellowship of Postgraduate Medicine to provide a forum for professional and social contact among physicians in training, particularly those from continental Europe. The first European centre in which meetings of the Group were held was London and meetings are now being held in other major European centres.

Regular meetings are being held at which abstracts accepted by the Editorial panel are presented as posters. Successful abstracts are published in the *Postgraduate*

Medical Journal. The second part of each meeting is an invited lecture reviewing recent advances in medical research and practice. Refreshments are provided in the form of tea and coffee, with a buffet supper at the close of the meeting.

The next meeting will be held on 20 November 1989, when the invited lecture on 'The role of the limbic system' will be given by Dr P.B.C. Fenwick (Institute of Psychiatry).

Anyone interested in joining the Group, or presenting posters, should contact: Dr D.R.J. Singer, European Medical Research Group, c/o Fellowship of Postgraduate Medicine, 6 St. Andrew's Place, London NW1 4LB Tel. 01 935 5556 (Fax 01 224 3219).

National Association of Clinical Tutors

The Winter Meeting will be held in London at the Zoological Society, Regent's Park, London NW1 on Friday 1st December 1989.

Career Counselling course - 14-15 March 1990. Stoke Rochford, Lincolnshire.

Meeting on Medical Audit - Friday 3 November 1989. Royal College of Physicians, London.

Nuts and Bolts course - 8 and 9 March 1990. Clatterbridge
Details of all meetings can be obtained from: Secretariat, National Association of Clinical Tutors, 6 St Andrew's Place, London NW1 4LB Tel. 01 935 5556 (Fax. 01 224 3219).

Full details of the courses, meetings and symposia listed above, and of others of interest to medical postgraduates, can be obtained from the individual organisations.

MEDICAL AUDIT

Meeting arranged by the National Association of Clinical Tutors in association with the Industrial Society and the Fellowship of Postgraduate Medicine

Friday November 3rd 1989

9.00 a.m. to 5.00 p.m.

Medical audit in the current climate
Experience in medical audit
Practical principles of medical audit
Quality assurance in other contexts

Implications for educational processes
Implications for management processes
Comments on the future of medical audit
General discussion

**The Royal College of Physicians,
11 St Andrew's Place, Regent's Park, London NW1 4LE**

by kind permission of the Treasurer.

Registration fee £55.00

*Further details and application form from: National Association of Clinical Tutors,
6 St Andrew's Place, London NW1 4LB. Tel. 01 935 5556*

Journal of Human

HYPERTENSION

Editor DG Beevers

*Department of Medicine, Dudley Road Hospital
Birmingham B18 7QH, UK*

USA Co—Editor Franz Messerli
Ochsner Clinic, USA

This journal is exclusively concerned with the clinical aspects of human hypertension. Our understanding of the cause, as well as the detection, investigation and treatment of this disease remains inadequate. The journal aims to perform the dual role of increasing knowledge in the field of high blood pressure as well as improving the standard of care of patients. Practising clinicians, general practitioners, research workers, and nurses, as well as epidemiologists should find it of interest.

New Features in 1989

- Publication frequency increased to bi-monthly.
- A special issue devoted to the Intersalt Study results.
- Your subscription will include free supplements reporting proceedings of major international meetings on hypertension.
- Now listed in Index Medicus.
